

MAIL CLERK FOUND DEAD IN HIS CAR ON A TRAIN

The Fact That the Mail Pouches Were Not Being Delivered as Usual Caused an Investigation to Be Made.

HEART FAILURE THE CAUSE OF HIS DEMISE

Mail Clerk Meredith Mallory, of death. The body was still warm when found, and the face was of a purple hue, when it was taken from the car at Wellsville.

Little is known of Mallory in Wellsville. Postmaster Snowden says he has had the run for about nine months. He made his home at Bellaire, and took his noon luncheon in Wellsville.

About three weeks ago Mallory sent a money order to a sister residing at Syracuse, O., where his relatives live. Mallory, just before the train left Wellsville for Bellaire yesterday afternoon, received a bad fall. A railroad employe threw several letters into the car. The clerk went to pick them up. As he did so, the engine, backed against the train, throwing him to the floor. He lay there a few moments and then complained of the fall, but continued his run.

Although the death occurred in Jefferson county, the coroner at Steubenville has not been notified.

Mallory had \$2,000 insurance in the relief department of the railway mail service. The body will be prepared for burial at once and will be shipped to Syracuse probably tonight.

The postal department has ordered a clerk from Pittsburg to Wellsville to take charge of the mail on the afternoon train to Bellaire.

A COWARD TRIED TO DEFEAT HIM

The New Presbyterian Pastor-Elect Has at Least One Enemy.

SENT ANONYMOUS LETTER

In the election of Rev. Edward M. McMillan, of Adrian, Mich., to the pastorate of the First Presbyterian church of this city, one person was not pleased. Who he is, is not known, but what he is can be answered by the one word "coward." From the evidence now at hand he possibly lives at Boston, Mass. He is guilty of the inexcusable act of attempting to defeat the election of Rev. Mr. McMillan by writing an anonymous letter to a member of the local Presbyterian session warning the congregation to give the Michigan minister no consideration unless they fancy a repentance.

The letter was received several days ago by W. A. Hill, of Fifth street, who is prominently connected with the church. It was mailed at Boston without a date and devoid of a signature. It cited several preposterous reasons why the congregation should reject the application of Rev. Mr. McMillan and inferred that the church would

suffer much if he were elected. Mr. Hill was prone to throw the letter in the waste basket, but thought he would refer it to Rev. Dr. David Jones, pastor of the Methodist Protestant church, who so highly recommended Rev. Mr. McMillan. Rev. Dr. Jones is intimately acquainted with the Michigan clergyman and feels that he is eminently qualified from every standpoint to take charge of the local church. He so stated to the session and it was due to his recommendation probably that the selection was made.

When told of the letter Rev. Dr. Jones would not even read it. He expressed himself as being quite sure that a coward wrote it and that the session should give it no heed whatever. The letter was afterward shown to other members of the session and that they scorned the contents was proven by the unanimous vote given Rev. Mr. McMillan last evening.

Other anonymous letters have been received in the city of late, two this morning. They were sent to Rev. M. B. Pratt, of the M. E. church. He says that he has received many of them, and has learned long ago to give them no consideration.

Marriage Licenses.
Lisbon, January 21.—(Special).—William S. Binsley and Miss Estella Willard, both of Franklin township; Osborn Shively, of North Georgetown, and Miss Mary L. Frannum, of East Rochester; William C. Gould and Miss Ida I. Hough, both of Wellsville, have been licensed to marry.

DANGER OF ICE AND FLOOD IS NOW A VERY REAL ONE

Small streams tributary to the Ohio river in this section are on a rampage. The continued rains of the past two days caused the snow in the valleys and on the hills to melt, and this water is now reaching the Ohio river.

Yellow Creek is rising fast. It would not be surprising if the danger point throughout that valley would be reached within the next 24 hours.

Small streams from the northern districts which empty into Little Yellow creek east of Wellsville are fast swelling that stream.

Just east of Walker a stream is coming down the hillside with a roar that can be heard for half a mile. The track of the East Liverpool street railway company at this point is in danger if the stream becomes much larger, as the rails may be undermined.

Jethro run is rising fast. So far no damage has resulted to property in that section.

Traffic has been delayed and the

LUNACY COMMISSION TO INVESTIGATE KRUGER

His Case Will Be Taken Up By An Expert And Thoroughly Looked Into.

Harrisburg, Pa., January 21.—Chas. E. Kruger's case has been referred by the board of pardons to a lunacy commission. The very first thing which the board did yesterday was to take up this celebrated case and dispose of it for the present, at least.

Dr. George T. McLeod, of Philadelphia, secretary of the lunacy commission of the state board of charities, will have charge of the investigation. He will go to Greensburg at once and go to work on this now celebrated case, as to fully investigate all the circumstances pointing to insanity will occupy the expert's time for at least two weeks and then the governor will have to act quickly as the stay of execution expires February 11.

MAYOR WILL NOT GIVE APPROVAL

Features of the Appropriation Ordinance Are Not to His Liking.

CODE SHOULD BE OBEYED

Mayor Weaver was more determined than ever today not to sign the appropriation ordinance passed by council on last Tuesday evening. Interviewed as to his opinion on the legality of the measure, he said:

"After careful consideration of all items in the semi-annual appropriation ordinance, I find I cannot approve of the following contingent fund items: Auditor's fund, \$25; solicitor's fund, \$30, and sanitary fund, \$50. I believe those items should be embodied in a general contingent fund as provided in and accordance with Section 43 of the municipal code. The new fund created would seem to be superfluous and should more properly belong to the contingent fund, which fund as per Section 43 may only be drawn upon by ordinance of council to meet unforeseen emergencies. I believe that no contingent fund should be appropriated to be used at the discretion of any board or department, but should remain within control of council to be appropriated by ordinance, two-thirds of the members of council sanctioning the expenditure of every cent.

"The uniform system of accounting, among other things, provides a checking system of all expenditures. Suppose council should at any time when the treasury is full, with funds to spare, add a contingent item to each fund of say from \$500 to \$1,000—that would be a small item, and any of our departments could manage to use it. Where would be the much wanted checking system? The defense fund included in the appropriation ordinance implies nothing beyond a contingency and it allowed a custodian should be named to assume the responsibility of its expenditure. There should be no indiscriminate employment of attorneys to defend the city's interests."

The section of the code upon which the mayor bases his conclusions states clearly that a contingent fund can be appropriated, but it can only be drawn upon by consent of two-thirds of the members of council, and the mayor believes that the entire amount should be together. He will insist that his opinion is right until proven otherwise and until then will positively refuse to sign the ordinance. As stated in last evening's issue of the News Review there are several amounts that must be taken care of in the appropriation that the attention of the finance committee was not called to and the ordinance would not be in shape to be signed even if the mayor so desired.

Recovering From Smallpox.
Salineville, January 21.—(Special).—Arthur Benson, who is confined to his home with a mild case of the smallpox, is rapidly improving and will soon be able to be out again. The home was not quarantined, but when the disease became known the public quarantined against the family.

Pleasing Entertainment.
Osceola Council, No. 8, Degree of Pocahontas, gave an entertainment and social at its hall last night. There were no guests, the affair being planned for the members only. The evening was very enjoyably spent.

A WONDERFUL TEST IS TO BE GIVEN

Value of Safety Fender to Be Shown By a Man Whom It Is to Hit.

WILL BE KNOCKED DOWN

And Expects to Prove the Value of the Device By Escaping Injury.—C. A. Smith Proposes to Use the Fender on His Cars.

C. A. Smith comes to the front once more with a proposition that will meet with the hearty approval of the public. It has always been his desire to not alone give the patrons of his street car line the best service possible, but also to protect the city's interests and the people generally.

His latest commendable determination is to equip his cars with the best fenders to be purchased in the country and to demonstrate their superiority a man tomorrow afternoon will stand in the center of a Southside street car track and be picked up by one of the cars, to which one of the new fenders will be attached, while it is going at the rate of at least 15 miles an hour.

When the city council first passed the fender ordinance Mr. Smith at once concluded to purchase the best fender possible for his cars and since that time has been in communication with the Eclipse Car Fender company, of Cleveland, conceded to manufacture the best fenders known to be invented. The fender made by the Cleveland concern has been tested many times and in no case, it is said, has it proven other than the manufacturers recommend it. It has picked up people while speeding along at the rate of 22 miles an hour and aside from shocking them left them absolutely unharmed.

The construction of the fender is very simple. A platform or fender of band iron latted together stands at an angle of 45 degrees and is pivoted near the front. At the lower end of the fender is a hollow rubber cylinder which strikes about the ankles of any person standing on the track. The force of the fall is taken up by the body striking the inclined fender, which at once tips with the weight and holds the person as if in a basket. A flexible screen at the back prevents a person from striking the end of the car. In fact, the fender could hardly be improved and when they are attached to the cars of the Southside line no pedestrian will have occasion to fear being run down by a car of that line.

Mr. Smith has a catalogue, describing the fenders perfectly and newspaper clippings which speak highly of them, but for fear of some deception he asked that a demonstrator be sent to the city and then if they prove to be as recommended he will give an order for enough to equip every car that is operated on his line.

Manager Healy, of the East Liverpool line, stated this morning that he has complied with the ordinance of council and cannot see how more can be expected of him.

**CONDITION OF STREETS
WORST IN YEARS**
Lake Run is On Another Rampage Though No Damage Has Resulted. Tracks Under Water.

Not in years have the streets and sidewalks of the East End been in such a terrible condition. So far the rain has had only the effect of removing the snow and the ice on the pavements thus washed is ten times more dangerous. The property owners are not to blame for the condition as no amount of work will help. Nature will have to undo her work.

Lake Run, the small stream that drains a large section of the East End, was pouring forth a yellow torrent this morning and it is feared that it will overflow its banks. From Lake hollow to the mouth of the stream at Ralston's crossing the torrent is being augmented by smaller streams pouring into it from the hillsides, streets and alleys. The stream up until late this afternoon was still within its banks as far as Locust alley, where it leads south from Mulberry street but below that point it spread into the fields, doing no damage, however.

The tracks of the East Liverpool line are under water to a depth of several inches, but traffic has not been seriously interfered with. The derailling switch could not be used this morning owing to the water and ice.

THE NEW POTTERY IS SOON TO START

East Palestine Plant Expected to Be in Active Operation By March 1.

East Palestine, January 21.—(Special).—The new pottery will soon be in operation and potters who have engaged positions will be at work. It is the finest pottery here and under its capable manager, William George, its future prospects seem good. It has six kilns and will employ 10 jiggermen. The jiggers are up and they are making moulds and confidently expect to start by March 1.

The plant will employ at least 300 hands. Where the new families will secure quarters is a matter of conjecture, as everything available in East Palestine is now occupied, although some of the local capitalists are contemplating the erection of a number of new dwellings houses at once.

A NINE-FOOT RIVER CHANNEL

This Idea Strongly Urged Upon the Rivers and Harbors Committee.

PITTSBURGERS AT WORK

Washington, January 21.—The house committee on rivers and harbors gave a hearing yesterday to those interested in the improvement of the Ohio river with a view of obtaining a navigable channel of nine feet from Pittsburg to Cairo at all seasons. Several bills embodying these provisions have been introduced, among them measures by Representatives Dalzell and Acheson. Most of those who attended today's meeting were representatives of the Ohio Valley Improvement association, headed by President John L. Vance, of Gallipolis. Besides these Representatives Dalzell, of Pittsburg; Woodyard, Hughes, Dovenor and Gaines, of West Virginia, and D. A. Abbott and A. W. Werneger, representing the Huntington (W. Va.) board of trade, were present.

The principal argument was made by Albert Bettinger, who said that the would not dare to ask for all that was needed for the work, but would confine himself to a few of the necessary requirements. He first asked for an examination and survey of the Ohio river to Cairo, and the construction of dams, one below the mouth of the Great Kanawha river, and one in the Big Sandy river, Ky. He also asked for the immediate construction of the Henderson (Ky.) dam. He said that an appropriation of \$3,000,000 was needed immediately for the work and estimated that to secure a nine-foot channel would cost the government but \$45,000,000 in round numbers, notwithstanding that Major Bixby had stated that it would take \$100,000,000 to secure such a channel from Pittsburg to Cairo.

Captain W. B. Rodgers, of Pittsburg, spoke in favor of the improvement of locks and dams Nos. 3 and 5 on the Monongahela river. The West Virginia members asked that the construction of dams Nos. 26 and 29 be begun at once. The first is to be located at Point Pleasant, W. Va., and the last at Catlettsburg, Ky. Chairman Burton, of the committee, did not indicate what action would be taken regarding the Ohio river improvement. It seems to be the consensus of opinion in Washington that there will be no river and harbor bill at this session.

A delegation of Pittsburg rivermen, consisting of Captains William B. Rodgers, John F. Dravo, James Moren, Warren Nelson, William Crump, O. A. Blackburn, W. B. Bolzell, B. F. Taylor and T. M. Rees, will appear before the committee on rivers and harbors today to argue in favor of the improvement of locks and dams 3 and 5 on the Monongahela river. Captain Si-bert, the engineer officer in charge of the work, has reported that both dams are in a very bad condition and should be reconstructed at once.

In the national board of trade yesterday George H. Anderson, of Pittsburg, presented the report of the river and harbor committee, which urged that improvement of the Ohio should be prosecuted without delay until there is a continuous navigation from the headwaters. This item was approved, and Mr. Hitchcock, of Scranton, Pa., moved to recommit the report. Mr. Anderson said that if the report was recommitted he was not sure there would be another meeting

MORE MONEY FOR CITY FROM THE BRIDGE FUND

Treasurer and Auditor Have Hopes of Securing Half the Levy Imposed for That Purpose.

THE AMOUNT WOULD BE ABOUT \$4,000

After pondering over the financial problem that has been confronting them and every other official of the city for months, Treasurer Chris Horton and Auditor Willis Davidson yesterday afternoon conceived of several propositions which it is thought probable will relieve the conditions to a great extent. Both gentlemen were aware that the city has drawn on all funds known to exist, but they were also of the opinion that should the municipality have all the money due it the treasury would not be so depleted. Among other amounts thought to be collectable is a large portion of the bridge fund set aside by the county commissioners for Liverpool township. An earnest endeavor will be made to secure that amount.

Treasurer Horton made known the discovery last evening and declared that he, together with the auditor, would be untiring in his efforts to have whatever amount may be turned into the city treasury. After receiving the information from the treasurer, the News Review secured an interview with Assistant County Auditor Charles Coburn, who, if his understanding is correct, and there is no reason to believe otherwise, confirms the convictions of the auditor and treasurer. He says that the state law provides that a certain sum shall be

laid aside every year for the maintenance of the bridges of the county. This money is generally used by the county commissioners, but if a township so desires it can demand half of the amount, if it agrees to accept all responsibility for the repairing and keeping of the bridges in the township.

This position had already been taken by the auditor and treasurer. They found upon a close examination that Liverpool township has cost the county commissioners practically nothing during the past few years for the repair of bridges. The levy for the Liverpool township bridge fund is 1.30 mills, which represents \$8,232.90. It is a fact that this entire amount is never collected, but the most of it is, and if it is within the power of the city to demand half of it by merely assuming the responsibility of caring for the bridges, the auditor and treasurer feel that it is high time that such action is being taken, figuring that not more than \$500 is spent yearly out of the fund and that the remainder, which is bound to aggregate more than \$3,000, will do the city more good than the county.

Treasurer Horton is out of the city today, but will be back tomorrow and the attempt to bring about the above plan will be instituted at once.

of the national board. "We came here for work and not child's play," he added. He declared he did not object to the board referring back those things they had voted not to approve, but objected to reference back of what they had approved. "Do it if you dare," he declared.

Mr. Hitchcock withdrew his motion to recommit and that adopting the report of the committee, so far as it had been adopted by clauses by the board, and recommitting the other sections was carried.

MRS. OWENS INDICTED

With Joseph Davis She Is Charged With Killing Her Husband. Other True Bills.

Steubenville, January 21.—The Jefferson county grand jury reported after nine days' session finding 95 true bills. Mrs. Jennie Owens and Joseph Davis were jointly indicted for the first degree murder of Calvin Owens, the woman's husband.

Hugh Weems and Frank Lapoczky were indicted for second degree murder; Angus Campbell and Lucius E. Mayo for stabbing to kill.

Sent to the Infirmary.
Lisbon, January 21.—(Special).—Anna George, a native of Syria, and an itinerant peddler, who essays she has been in America about a year, was sent to the infirmary yesterday afternoon by the Center township trustees. The woman is about to become a mother.

Rev. Dr. Pratt, who yesterday delivered the oration at the funeral of Mrs. Birdie West, who committed suicide a few days ago, drew from her life a subject for a strong temperance discourse. He said:

"I am moved by conflicting sentiments. No one can stand here beside this fallen form in the presence of the aged parents and sorrowing friends without feeling a great sympathy. No course in life seems even quite able to break down parental love or to eradicate family affection. And as I witness your deep grief my own heart is moved. I cannot restrain the reminder that over us all is a Divine Father who takes knowledge of our sorrows and remembers our grief. To Him who is holy and just and who pities us as a father pities his children I heartily commend you today."

"But with my sympathy I am moved to utter indignantly protest against that

M'MILLAN CALLED AS PASTOR BY PRESBYTERIAN CHURCH

The members of the First Presbyterian church, at a congregational meeting last evening, probably settled the interesting question of a new pastor. As has been expected, Rev. Edward M. McMillan, of Adrian, Mich., was extended a call to the vacant pulpit, and it is believed he will accept. It was decided to make his salary \$2,500, secure a manse and grant him free use of it, and allow him four weeks' vacation annually. The trustees were authorized to negotiate for the purchase of a parsonage building.

Rev. W. E. Hill, of the East End, acted as moderator of the meeting and George C. Murphy as clerk. After prayer the committee, appointed some time ago to present the names of candidates to be voted upon, submitted the names of four ministers which were placed before the meeting. The committee was composed of Prof. R.

E. Rayman, chairman; John Stoddard, Frank H. Croxall, W. A. Hill, Noah A. Frederick and J. F. Warner. The tellers were Frank H. Croxall, E. D. Moore, Dr. Elliott, George H. Owen, Harry Yates and John Stoddard.

The ballots showed a strong sentiment in favor of Rev. Mr. McMillan, and his election was made unanimous. Mr. McMillan is pastor of the First Presbyterian church. The presbytery to which he belongs does not meet until April, but it is expected he will ask an immediate release and be able to come here and take up his work within three weeks. He is a profound scholar and one of the ablest preachers that has been heard in a local pulpit for a long time.

J. M. Kelly was appointed by the congregation as a delegate from the board of trustees to send the call to Mr. McMillan and to lay the matter before the presbytery.

MAIL CLERK FOUND DEAD IN HIS CAR ON A TRAIN

The Fact That the Mail Pouches Were Not Being Delivered as Usual Caused an Investigation to Be Made.

HEART FAILURE THE CAUSE OF HIS DEMISE

Mail Clerk Meredith Mallory, of train No. 340, due at Wellsville at 6:25 a. m. from Bellaire, to Pittsburg, dropped dead in his car soon after the train left Portland station this morning.

The clerk was found dead on the car floor by Conductor H. B. Eberlein when the train stopped at Freeman's. The body was brought to Wellsville and taken, at the direction of the railroad company, to the undertaking rooms of R. M. Haugh. No arrangements have been made for the funeral.

When the body was found the Portland pouch was lying on the mail agent. There were but two bundles of letters in the pouch, and these were found on the floor. The fact that no mail was being taken on or dispatched from the car led to the train crew making an investigation when Empire was reached.

The car was locked and a message sent to Train Dispatcher Rogers. The mail was given to Postmaster Snowden, of the Wellsville office. He notified Supt. McConnell, of the railway mail service at Pittsburg, of the death, and two messages were also sent the superintendent by Mr. Rogers. The East Liverpool mail was sent on to Pittsburg, to be returned later.

Dr. Noble examined the body, and gave heart failure as the cause of

death. The body was still warm when found, and the face was of a purple hue, when it was taken from the car at Wellsville.

Little is known of Mallory in Wellsville. Postmaster Snowden says he has had the run for about nine months. He made his home at Bellaire, and took his noon luncheon in Wellsville.

About three weeks ago Mallory sent a money order to a sister residing at Syracuse, O., where his relatives live. Mallory, just before the train left Wellsville for Bellaire yesterday afternoon, received a bad fall. A railroad employe threw several letters into the car. The clerk went to pick them up. As he did so, the engine, backed against the train, throwing him to the floor. He lay there a few moments and then complained of the fall, but continued his run.

Although the death occurred in Jefferson county, the coroner at Steubenville has not been notified.

Mallory had \$2,000 insurance in the relief department of the railway mail service. The body will be prepared for burial at once and will be shipped to Syracuse probably tonight.

The postal department has ordered a clerk from Pittsburg to Wellsville to take charge of the mail on the afternoon train to Bellaire.

The letter was afterward shown to other members of the session and that they scorned the contents was proven by the unanimous vote given Rev. Mr. McMillan last evening.

Other anonymous letters have been received in the city of late, two this morning. They were sent to Rev. M. B. Pratt, of the M. E. church. He says that he has received many of them, and has learned long ago to give them no consideration.

Marrage Licenses.

Lisbon, January 21.—(Special).—William S. Binsley and Miss Estella Willard, both of Franklin township; Osborn Shively, of North Georgetown; and Miss Mary L. Frannum, of East Rochester; William C. Gould and Miss Ida I. Hough, both of Wellsville, have been licensed to marry.

DANGER OF ICE AND FLOOD IS NOW A VERY REAL ONE

Small streams tributary to the Ohio river in this section are on a rampage. The continued rains of the past two days caused the snow in the valleys and on the hills to melt, and this water is now reaching the Ohio river.

Yellow Creek is rising fast. It would not be surprising if the danger point throughout that valley would be reached within the next 24 hours.

Small streams from the northern districts which empty into Little Yellow creek east of Wellsville are fast swelling that stream.

Just east of Walker a stream is coming down the hillside with a roar that can be heard for half a mile. The track of the East Liverpool street railway company at this point is in danger if the stream becomes much larger, as the rails may be undermined.

Jethro run is rising fast. So far no damage has resulted to property in that section.

Traffic has been delayed and the

East Liverpool street railway company has been caused some loss on account of the heavy rains. Cars of this company are compelled to run through pools of water, which has a bad effect upon the motors.

Cars have been taken from the road on this account to be repaired, causing the company to substitute all old rolling stock possible until repairs could be made.

Ice and moderating weather have commenced to cause trouble on the main line of the Cleveland and Pittsburg road.

An ice gorge in Yellow Creek this morning struck the piling of bridge No. 51 at Lacy's second switch near Irondale, making the bridge unsafe for trains to pass over. Dynamite will be used to break up the gorge.

An extra train was sent to bridge No. 51, from Wellsville, to which passengers from the Cleveland train were transferred.

LUNACY COMMISSION TO INVESTIGATE KRUGER

His Case Will Be Taken Up By An Expert And Thoroughly Looked Into.

Harrisburg, Pa., January 21.—Chas. E. Kruger's case has been referred by the board of pardons to a lunacy commission. The very first thing which the board did yesterday was to take up this celebrated case and dispose of it for the present, at least.

Dr. George T. McLeod, of Philadelphia, secretary of the lunacy commission of the state board of charities, will have charge of the investigation.

He will go to Greensburg at once and go to work on this now celebrated case, as to fully investigate all the circumstances pointing to insanity will occupy the expert's time for at least two weeks and then the governor will have to act quickly as the stay of execution expires February 11.

MAYOR WILL NOT GIVE APPROVAL

Features of the Appropriation Ordinance Are Not to His Liking.

CODE SHOULD BE OBEYED

Mayor Weaver was more determined than ever today not to sign the appropriation ordinance passed by council on last Tuesday evening. Interviewed as to his opinion on the legality of the measure, he said:

"After careful consideration of all items in the semi-annual appropriation ordinance, I find I cannot approve of the following contingent fund items: Auditor's fund, \$25; solicitor's fund, \$30, and sanitary fund, \$50. I believe those items should be embodied in a general contingent fund as provided and in accordance with Section 43 of the municipal code. The new fund created would seem to be superfluous and should more properly belong to the contingent fund, which fund as per Section 43 may only be drawn upon by ordinance of council to meet unforeseen emergencies. I believe that no contingent fund should be appropriated to be used at the discretion of any board or department, but should remain within control of council to be appropriated by ordinance, two-thirds of the members of council sanctioning the expenditure of every cent.

"The uniform system of accounting, among other things, provides a checking system of all expenditures. Suppose council should at any time when the treasury is full, with funds to spare, add a contingent item to each fund of say from \$500 to \$1,000—that would be a small item, and any of our departments could manage to use it. Where would be the much wanted checking system? The defense fund included in the appropriation ordinance implies nothing beyond a contingency and if allowed a custodian should be named to assume the responsibility of its expenditure. There should be no indiscriminate employment of attorneys to defend the city's interests."

The section of the code upon which the mayor bases his conclusions states clearly that a contingent fund can be appropriated, but it can only be drawn upon by consent of two-thirds of the members of council, and the mayor believes that the entire amount should be together. He will insist that his opinion is right until proven otherwise and until then will positively refuse to sign the ordinance. As stated in last evening's issue of the News Review there are several amounts that must be taken care of in the appropriation that the attention of the finance committee was not called to and the ordinance would not be in shape to be signed even if the mayor so desired.

CONDITION OF STREETS WORST IN YEARS

Lake Run Is On Another Rampage Though No Damage Has Resulted. Tracks Under Water.

Not in years have the streets and sidewalks of the East End been in such a terrible condition. So far the rain has had only the effect of removing the snow and the ice on the pavements thus washed is ten times more dangerous. The property owners are not to blame for the condition as no amount of work will help. Nature will have to undo her work.

Lake Run, the small stream that drains a large section of the East End, was pouring forth a yellow torrent this morning and it is feared that it will overflow its banks. From Lake hollow to the mouth of the stream at Ralston's crossing the torrent is being augmented by smaller streams pouring into it from the hillsides, streets and alleys. The stream up until late this afternoon was still within its banks as far as Locust alley, where it leads south from Mulberry street but below that point it spread into the fields, doing no damage, however.

The tracks of the East Liverpool line are under water to a depth of several inches, but traffic has not been seriously interfered with. The derailing switch could not be used this morning owing to the water and ice.

THE NEW POTTERY IS SOON TO START

East Palestine Plant Expected to Be in Active Operation By March 1.

East Palestine, January 21.—(Special).—The new pottery will soon be in operation and potters who have engaged positions will be at work. It is the finest pottery here and under its capable manager, William George, its future prospects seem good. It has six kilns and will employ 10 jiggersmen. The jiggers are up and they are making moulds and confidently expect to start by March 1.

The plant will employ at least 300 hands. Where the new families will secure quarters is a matter of conjecture, as everything available in East Palestine is now occupied, although some of the local capitalists are contemplating the erection of a number of new dwellings houses at once.

A NINE-FOOT RIVER CHANNEL

This Idea Strongly Urged Upon the Rivers and Harbors Committee.

PITTSBURGERS AT WORK

Washington, January 21.—The house committee on rivers and harbors gave a hearing yesterday to those interested in the improvement of the Ohio river with a view of obtaining a navigable channel of nine feet from Pittsburg to Cairo at all seasons. Several bills embodying these provisions have been introduced, among them measures by Representatives Dalzell and Acheson. Most of those who attended today's meeting were representatives of the Ohio Valley Improvement association, headed by President John L. Vance, of Gallipolis. Besides these Representatives Dalzell, of Pittsburg; Woodyard, Hughes, Dovenor and Gaines, of West Virginia, and D. A. Abbott and A. W. Werneger, representing the Huntington (W. Va.) board of trade, were present.

The principal argument was made by Albert Bettinger, who said that he would not dare to ask for all that was needed for the work, but would confine himself to a few of the necessary requirements. He first asked for an examination and survey of the Ohio river to Cairo, and the construction of dams, one below the mouth of the Great Kanawha river, and one in the Big Sandy river, Ky. He also asked for the immediate construction of the Henderson (Ky.) dam. He said that an appropriation of \$3,000,000 was needed immediately for the work and estimated that to secure a nine-foot channel would cost the government but \$45,000,000 in round numbers, notwithstanding that Major Bixby had stated that it would take \$100,000,000 to secure such a channel from Pittsburg to Cairo.

Captain W. B. Rodgers, of Pittsburg, spoke in favor of the improvement of locks and dams Nos. 3 and 5 on the Monongahela river. The West Virginia members asked that the construction of dams Nos. 26 and 29 be begun at once. The first is to be located at Point Pleasant, W. Va., and the last at Catlettsburg, Ky. Chairman Burton, of the committee, did not indicate what action would be taken regarding the Ohio river improvement. It seems to be the consensus of opinion in Washington that there will be no river and harbor bill at this session.

A delegation of Pittsburg rivermen, consisting of Captains William B. Rodgers, John F. Dravo, James Moren, Warren Nelson, William Crump, O. A. Blackburn, W. B. Bolzell, B. F. Taylor and T. M. Rees, will appear before the committee on rivers and harbors today to argue in favor of the improvement of locks and dams 3 and 5 on the Monongahela river. Captain Sibt, the engineer officer in charge of the work, has reported that both dams are in a very bad condition and should be reconstructed at once.

In the national board of trade yesterday George H. Anderson, of Pittsburg, presented the report of the river and harbor committee, which urged that improvement of the Ohio should be prosecuted without delay until there is a continuous navigation from the headwaters. This item was approved, and Mr. Hitchcock, of Scranton, Pa., moved to recommit the report. Mr. Anderson said that if the report was recommitted he was not sure there would be another meeting

MORE MONEY FOR CITY FROM THE BRIDGE FUND

Treasurer and Auditor Have Hopes of Securing Half the Levy Imposed for That Purpose.

THE AMOUNT WOULD BE ABOUT \$4,000

After pondering over the financial problem that has been confronting them and every other official of the city for months, Treasurer Chris Horton and Auditor Willis Davidson yesterday afternoon conceived of several propositions which it is thought probable will relieve the conditions to a great extent. Both gentlemen were aware that the city has drawn on all funds known to exist, but they were also of the opinion that should the municipality have all the money due it the treasury would not be so depleted. Among other amounts thought to be collectable is a large portion of the bridge fund set aside by the county commissioners for Liverpool township. An earnest endeavor will be made to secure that amount.

Treasurer Horton made known the discovery last evening and declared that he, together with the auditor, would be untiring in his efforts to have whatever amount may be turned into the city treasury. After receiving the information from the treasurer, the News Review secured an interview with Assistant County Auditor Charles Coburn, who, if his understanding is correct, and there is no reason to believe otherwise, confirms the convictions of the auditor and treasurer. He says that the state law provides that a certain sum shall be of the national board. "We came here for work and not child's play," he added. He declared he did not object to the board referring back those things they had voted not to approve, but objected to reference back of what they had approved. "Do it if you dare," he declared.

Mr. Hitchcock withdrew his motion to recommit and that adopting the report of the committee, so far as it had been adopted by clauses by the board, and recommitting the other sections was carried.

MRS. OWENS INDICTED

With Joseph Davis She Is Charged With Killing Her Husband. Other True Bills.

Steubenville, January 21.—The Jefferson county grand jury reported after nine days' session finding 95 true bills. Mrs. Jennie Owens and Joseph Davis were jointly indicted for the first degree murder of Calvin Owens, the woman's husband.

Hugh Weems and Frank Lapoczky were indicted for second degree murder; Angus Campbell and Lucius E. Mayo for stabbing to kill.

Sent to the Infirmary.

Lisbon, January 21.—(Special).—Anna George, a native of Syria, and an itinerant peddler, who essays she has been in America about a year, was sent to the infirmary yesterday afternoon by the Center township trustees. The woman is about to become a mother.

M'MILLAN CALLED AS PASTOR BY PRESBYTERIAN CHURCH

The members of the First Presbyterian church, at a congregational meeting last evening, probably settled the interesting question of a new pastor. As has been expected, Rev. Edward M. McMillan, of Adrian, Mich., was extended a call to the vacant pulpit, and it is believed he will accept. It was decided to make his salary \$2,500, secure a manse and grant him free use of it, and allow him four weeks' vacation annually. The trustees were authorized to negotiate for the purchase of a parsonage building.

Rev. W. E. Hill, of the East End, acted as moderator of the meeting and George C. Murphy as clerk. After prayer the committee, appointed some time ago to present the names of candidates to be voted upon, submitted the names of four ministers which were placed before the meeting. The committee was composed of Prof. H.

laid aside every year for the maintenance of the bridges of the county. This money is generally used by the county commissioners, but if a township so desires it can demand half of the amount, if it agrees to accept all responsibility for the repairing and keeping of the bridges in the township.

This position had already been taken by the auditor and treasurer. They found upon a close examination that Liverpool township has cost the county commissioners practically nothing during the past few years for the repair of bridges. The levy for the Liverpool township bridge fund is 1.30 mills, which represents \$8,232.90. It is a fact that this entire amount is never collected, but the most of it is, and if it is within the power of the city to demand half of it by merely assuming the responsibility of caring for the bridges, the auditor and treasurer feel that it is high time that such action is being taken, figuring that not more than \$500 is spent yearly out of the fund and that the remainder, which is bound to aggregate more than \$3,000, will do the city more good than the county.

Treasurer Horton is out of the city today, but will be back tomorrow and the attempt to bring about the above plan will be instituted at once.

TEMPERANCE TALK AT WEST FUNERAL

Dr. Pratt, Preaching on the Woman Suicide's Life, Condemned Saloons.

STRIKING LESSON DRAWN

Rev. Dr. Pratt, who yesterday delivered the oration at the funeral of Mrs. Birdie West, who committed suicide a few days ago, drew from her life a subject for a strong temperance discourse. He said:

"I am moved by conflicting sentiments. No one can stand here beside this fallen form in the presence of the aged parents and sorrowing friends without feeling a great sympathy. No course in life seems even quite able to break down parental love or to eradicate family affection. And as I witness your deep grief my own heart is moved. I cannot restrain the reminder that over us all is a Divine Father who takes knowledge of our sorrows and remembers our grief. To Him who is holy and just and who pities us as a father pities his children I heartily commend you today.

"But with my sympathy I am moved to utter indignant protest against that

Continued on Eighth Page.

EAST END

STORY OF DISSOLUTION IS VICARIOUSLY DENIED

Officials of American Sewer Pipe Plant Say It Will Remain Intact—Manager Dunsbaugh at Pittsburgh.

Manager Dunsbaugh, of the East End plant of the American Sewer Pipe company, was at Pittsburgh yesterday attending a meeting of the directors of the corporation. Mr. Dunsbaugh is an influential member of the board. He had not returned at noon today but Mr. Peck, who was in charge of the office, hooted the idea that the trust is to be dissolved and pointed out the retraction already printed. Instead of declaring dividends the trust has been retreating \$50,000 of bonds each year and is in an excellent condition.

The resumption of work at the East End plant depends a great deal upon the state of trade. The yards are well stocked and there is enough pipe on hand to fill ordinary orders for a month or more. It is not likely that the plant will start before the first of March.

PETITION HAS NOT BEEN ACTED UPON

Complaint of Car Line Patrons Is Being Considered By Superintendent Thomas.

The petition recently presented to L. W. Healy, of the East Liverpool line, requesting that the street cars continue to make the stop at the intersection of Locust and Mulberry streets, has not yet been acted upon. Mr. Healy gave out this information to the News Review this morning. He stated that the matter had been referred to Superintendent Thomas, who had abolished the stop.

The petition contained the names of about 50 patrons of the line and was presented to Mr. Healy by Charles Foutts. The petitioners claim they are greatly inconvenienced by the change.

Superintendent Thomas thinks that more people get on and off the cars at the stop in front of the Marshall residence, but he will make further observations before reaching a final decision.

PRESENCE OF MIND AVERTS AN ACCIDENT

Mrs. William Terrence Carries Blazing Lamp to the Street Just a Moment Before It Explodes.

The bravery and presence of mind of Mrs. Terrence, wife of Captain William Terrence of the East End fire station, averted what might have been a serious accident at her home on First avenue last evening. Mrs. Terrence and her youngest child, Jesse, a boy 3 or 4 years old, were seated near a center table in the front room when a big oil lamp began to sputter and blaze up. Without losing a minute Mrs. Terrence placed her child at a safe distance and grabbed the lamp, which by this time was in a blaze.

Mrs. Terrence reached the street door and opening it threw the blazing lamp into the yard, where it exploded as it reached the ground. She escaped without serious burns but only her prompt action averted a fire that might have been attended by injury to herself and son.

Entertainment a Success.

The entertainment and social given last night for the benefit of the degree team of Eureka circle was an entire success, the attendance being large in spite of the almost impassable condition of the streets. The beautiful stand cover made by Mrs. Oney Culbertson, which was chanced off, fell to Arthur Fellow, he holding the lucky number. The musical and literary part of the program was very enjoyable and the oyster supper was nicely appointed.

Funeral of Thomas Green.

The funeral services of the late Thomas Green, who died suddenly Tuesday evening, were held at the home on Virginia avenue this morning. Rev. Dr. S. F. Lloyd, of the Erie street Methodist church, and Rev. Mr. Breneman, of the Smith's Ferry Methodist church, officiating. The body was taken charge of by Undertaker McQuilkin and shipped on the morning train to Toronto, where the interment will be made.

EAST END AFFAIRS.

W. D. Hopkins was a Lisbon visitor yesterday.

The Excelsior club will give a dance tonight in Larkins' hall.

Mary Kathryn, the little daughter of Dr. and Mrs. W. E. Mowen, continues very ill.

A daughter was born Tuesday night to Mr. and Mrs. Henry Neisinger, of Helena.

Howard Pascall, president of the Tri-Bullion Smelting and Developing company, arrived here this morning.

You Can Save Money

And at the same time get better material, better workmanship, more artistic design by buying monuments and headstones from us.

We use only the best Granite, that will not rust and that always shows the letters.

Do all our work by modern machinery—others work by hand—And because of all these modern facilities, can make prices considerably lower than you ordinarily pay. Delivered complete in cemetery.

Illustrate booklet free if you mention this paper.

Pittsburg, Pa.

ABSOLUTE FAITH

You Can Depend Upon the Word of This East Liverpool Citizen.

He has had the experience. He has thoroughly tested the article. He found it as represented. He has absolute faith in its merits.

Mrs. William Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. They told me I had gravel and a little relief was all I could expect. I suffered terribly for two or three years alternately better and worse with severe pains across the small of my back and up my side. The pains were so severe that I was often compelled to stay in bed, not being able to get up. My limbs swelled so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them, and am grateful to say they helped me almost at once."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

COURT CALENDAR

List of Cases to Be Heard Before Judge Hole at Lisbon Next Week.

Lisbon, January 21.—(Special.)—The following are the assignments for common pleas court next week:

Monday, 1 p. m.—E. B. Thompson vs. Henry Roderus; Wm. A. Cathoun vs. the West End Pottery company; Cora Rice vs. Joseph Rice; Mary A. Coy vs. William D. Coy; James Atkinson vs. Charles Bacon; H. C. Dutton, administrator, vs. J. B. Yates et al, demurrer.

Tuesday—The Liverpool & London & Globe Insurance company vs. the Pennsylvania company; H. M. Mehen vs. the Pennsylvania company; the Wellsville Improvement company vs. Carroll-Porter company; Augusta Wolf vs. John W. Hahn et al; George Withers et al vs. Western Union Telegraph company; Anna Grosscross vs. Harry Grosscross.

Wednesday—R. H. Everson vs. H. W. Sinclair; Knowles & Doult vs. French & Shisler et al; Jimma Harrison vs. George Hartley, Jr., et al; F. H. Scattergood vs. Enoch Hartough; Johnson C. McClain vs. H. A. Thompson et al; Matthew Degnan vs. Richard Degnan et al; Oscar Nulf, administrator, vs. the Fairfield Coal company; Olive Barker vs. Zachariah Barker.

Thursday—S. C. Hoopes, administrator, vs. John L. Whinery; S. C. Hoopes, administrator, vs. S. L. Whinery et al; Laura Whinery vs. S. C. Hoopes, administrator; Susannah Hay vs. George H. Fife et al, demurrer; J. L. Deidrick vs. city of East Liverpool; Dallas Pittinger vs. city of Wellsville.

COUNTY AND NEIGHBORHOOD

Patrick L. Manly, a prominent Canton man, is dead, aged 63.

William Bell, a prominent citizen of Braceville, was killed, a tree falling on him.

George Hartman was arrested at New Castle, charged with passing spurious small coins.

Hamilton Anderson, a farmer of Leavittsburg, was instantly killed by an Erie freight train.

Andrew Carnegie is to give \$1,500 toward a pipe organ for the First Presbyterian church of Cadiz.

Steps have been taken to form a stock company to erect a municipal electric lighting plant in Beaver.

Arnold Bickel, son of an Akron hardware merchant, died of blood poisoning, caused by a gunshot wound received while hunting.

There will be a state oratorical contest at Alliance February 18. The following colleges will be represented: Buchtel, Marietta, Berea, Hiram, Wooster, Wittenberg and Mt. Union.

Mayor W. H. Smith, of Canton, has caused hundreds of dollars worth of gambling equipment to be seized and burned and his crusade has resulted in numerous arrests, about 50 persons being taken in one raid.

Forfeited \$30,000 Bail Bond.
New York, Jan. 21.—When the cases of A. S. Rosenthal, Martin L. Cohen and Charles C. Browne, charged with importation of silks under false invoices, were called for trial, Rosenthal failed to appear. Judge Thomas ordered his \$30,000 bail bond forfeited, though Rosenthal's counsel stated that his client was ill in Europe and would return in two weeks.

Amendments Will Be Dropped.
Washington, Jan. 21.—It has been practically determined to drop all the amendments to the Panama treaty. Assurances have been received that Panama concedes that the treaty will be interpreted as the amendments provide in regard to the harbors, sanitation and limitation of the cities of Panama and Colon.

VOTED FOR PURE FOOD

House Passes First Important New Measure in Fifty-Eighth Congress.

HEPBURN BILL AN EASY WINNER

Its Opponents Were Unable to Muster Enough Votes to Secure a Roll Call—Panama Canal Question Still Occupies the Senate.

Washington, Jan. 21.—The house passed the Hepburn pure food bill on a rising vote—201 to 68—its opponents being unable to secure a roll call on the bill. The amendment inserting the word "wilful" with reference to persons who sell adulterated or misbranded goods and which would have compelled the government to prove intent to violate the law by the vendors, was stricken out on a ye and nay vote in the house. Several attempts were made to amend the bill, but no material changes were made.

The bill fixes the standards of foods and drugs as to their purity, strength and character and defines what shall be considered adulteration or misbranding of foods and drugs. It also prohibits interstate commerce or importation and exportation of such misbranded or adulterated articles. The secretary of agriculture is given authority to employ such chemists, inspectors, clerks and laborers as may be necessary for the enforcement of the act.

In the senate Mr. Patterson completed and Mr. Platt (Conn.) began a speech on the Panama canal question. Mr. Patterson declared that the president was largely responsible for the revolt in Panama and announced his decided preference for the Nicaraguan route. Mr. Platt took this pronouncement for Nicaragua as the text for his remarks, saying it explained the mystery of the otherwise unexplainable position on the part of the Democratic senators to the Panama treaty.

GOV. PEABODY UPHOLD.

United States Court Refuses to Interfere in Strike Troubles.

Denver, Jan. 21.—Judge Moses Hallett, in the United States district court, after consideration of the Sherman Parker habeas corpus case against the military authorities of Colorado, announced that the court was without jurisdiction in the matter. Parker is a union miner of Cripple Creek, who is held in the military bullpen without warrant. In his opinion Judge Hallett says:

"In times of turbulence and when there is a probability of violence, discretion may be exercised on the part of the authorities in holding prisoners without bail and to hold them in custody until reasonable investigation has been made."

"The governor, as executive of the state, is authorized and required to embrace the law and if in doing so he finds it necessary to call out the militia and use the power of the state he should do so. The matter of how the state should enforce the law is not for the federal government to state."

"The people of the state are to be congratulated on having a governor who will enforce the law. The court will not interfere with him in the execution of his duties."

Consumption Cured at Last

Dr. T. A. Slocum, the Great Chemist and Specialist Will Send Free, to the Afflicted, Four Large Samples of His Newly Discovered Remedies to Cure Consumption and all Throat, Chest and Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than this offer. Confident that he has discovered an absolute cure for Consumption and all pulmonary complaints, and make its great merits known, he will send his complete Treatment, embracing four large samples, to any reader who may be suffering from coughs, colds, catarrh, bronchitis, throat and lung troubles or consumption.

Already this "New Scientific Course of Treatment" has permanently cured thousands of apparently hopeless cases. There will be no mistake in sending—the mistake will be in overlooking the generous invitation.

A Remedy Free to All

To obtain these FOUR FREE PREPARATIONS that have never failed to cure, all you have to do is to write

DR. T. A. SLOCUM, 98 PINE STREET, NEW YORK, giving full postoffice and express address. The four FREE remedies will then be sent you at once, direct from laboratories, with full instructions for use in every case.

LIFE PLANT

THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irretrievably in the past.

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system, and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at \$1.00 per bottle—6 bottles \$5.00. Sold by all druggists—sent anywhere on receipt.

MANUFACTURED BY THE LIFE PLANT CO. CANTON, OHIO.

Henderson, General Manager, Pittsburgh.

No Life, No Energy, No Ambition

There are common expressions now-a-days and they are true. They point to the serious system which is the result of its vitality by overwork, worry or excess of some kind. That any one should allow this condition to go on to complete mental, physical and moral ruin, as it surely must, is a crime. It is a positive crime when a cure is at hand in BAR-BEN. BAR-BEN—A medicine designed expressly for this condition, a medicine that cures today cured by increasing the circulation, strengthening the kidneys, and purifying and enriching the blood and thus building up the very essentials of life—Nerve Force. The first remedy and the nervous, irritable, weak and trembling feelings will disappear. Your sleep will be natural, calm and restful. You will wake mornings feeling strong and vigorous instead of tired. All gloomy depression and sense of anxiety will fade from your mind; your nerves will become strong and steady as steel; your ambition will be restored and perfect health and strength will take the place of weakness and debility. The testimony of thousands of men and women whom BAR-BEN has lifted from this helpless condition of long suffering tells the tale of this great remedy more effectively than words can portray.

If you doubt write for free sample. All druggists or mailed on receipt of price, 50 cents.

You are mad at everything, says the Romoc man to the over-worked, nerve-broken-down business man. I have seen people just like you before; almost willing to break up your home on account of those irritating nerves of yours. Now, take my advice and get over this nervousness. There is no need of it. Just take Romoc and it will not be very many days before you will find that your nerves are quieter and stronger. Your digestion will immediately improve and your appetite increase. Little things will cease to irritate you. Romoc, you know, is Nature's own remedy. It is one hundred per cent down, rather than alcohol. Such medicine but they drop you back to earth with a sickening thud. All I ask you to do is to give Romoc a fair trial, and you will realize that your best friend is Nature, and that Romoc, her remedy, is the greatest medicine in the world.

Won't you please buy a bottle of Romoc on my assurance that it will do you good, and you will become one of the many in this city advocating Romoc.

Among the Potteries and Allied Industries

NOT YET SETTLED.

The long pending question of a new scale of wages for printing crews has not been settled and the matter is still in the hands of the committees appointed some months ago. Members of No. 32 hope to have the matter settled in a short time, though nothing can be done until the committees make a report. It is natural that the transferers should offer resistance to any changes in the present scale which is most favorable to them, but the printers seem determined to do away with anything that ever resembles a contract, the Brotherhood being also thus opposed. Under the present arrangement the crew gets half the earnings of the press. The transferer gets this money and pays the cutter and rubber. It is claimed that the transferer makes a profit on the labor of the cutter and rubber, who do the hardest part of the work. Under the scale that has been proposed the transferer is to be placed on the same footing as the other members of the crew.

SHONE IS PUZZLED.

Alf Shone, of the ghost crew at the Standard, thinks he has been picked out as a victim by a publication house, an expose of whose methods was made in the News Review a few days ago. Mr. Shone received a letter from a New York concern stating that he had answered the puzzle correctly and that upon receipt of \$30 a fine silver service would be forwarded as a prize. Mr. Shone did not send an answer to a puzzle and would have given the matter no attention had it not been for a slip of paper containing his name and address in his own handwriting which was enclosed for some unknown reason in the letter. Mr. Shone is at a loss to know how the concern obtained the slip and so far has found no solution of the mystery.

CAUSES MUCH REGRET.

The death of Barney Williams, which occurred yesterday at Lisbon, was learned with regret by his large circle of acquaintances among the pottery operatives of this city. Barney was generally known, his peculiarities bringing him into notice wherever he happened to be. He possessed a genial disposition and a free, open manner that overcame any lack of acquaintance. He was a kiln hand by occupation and worked faithfully at such times as the condition of his health permitted. In intelligence he was exceptionally bright at times, like most people not evenly balanced mentally. He was a good fellow and will be greatly missed.

RALPH RICHEY ILL.

Manager Richey, of the decorating department of the Standard, was called to Minerva Tuesday by a message announcing the serious illness of his son Ralph, who is employed as a gilder at the Owens China company plant. The many friends of the young man here are hoping to hear of his speedy recovery.

WEAVER HAS RECOVERED.

Carl Weaver, of the ghost end at the Standard, is recovering from a very severe cold contracted several weeks ago while on a visit with friends at Hammondsville. Weaver was compelled to drive a distance of several miles and took cold en route, being almost bereft of speech when he reached his destination. He has about recovered and is at work.

GOES TO SEBRING.

Tom Walklett, the well known printer, has secured a situation at Sebring and will leave for that city in a few days. He will take a press at the French China company plant, where his friends wish him all the good luck possible.

TO START SOON.

Arrangements are being made by the officials of the United States Pottery company to resume operations. It is expected work will start inside of two weeks. A number of bisque kilns are now being drawn, while some other departments are also working.

POTTERY NOTES.

Thomas Patrick, of East Palestine, was here yesterday looking for a printing job.

Fred Goppert, of the Union, states that he will engage in railroad work if the plant shuts down for good.

Ed Hatton is now working permanently at the Standard, he having severed his connection with the Wallace

THE RIGHT TO ISSUE NATURALIZATION PAPERS

Probate Judges in a Meeting Assume That It Is One Belonging to Them.

Steubenville, January 21.—Rather an unusual procedure was resorted to last week when the probate judges of the state, in session at Columbus, decided for themselves that they had the right to issue naturalization papers. They will therefore continue to do so, despite court rulings to the contrary, until the supreme court has disposed of the question. The right will be contested by the Probate Judge association.

Judge Kerr, of Jefferson county, was in attendance at the session. Heretofore because of the lack of any satisfactory decision in the matter the probate judges of the state have been undecided as to what course to pursue. Some of the judges have issued the papers without hesitation, while others have refused to do so and have sent all applications into common pleas court. Judge Kerr is one of the officers who has turned the work over to the clerk of courts.

In addition to this action in the matter of naturalization papers, the probate judges decided that they would demand the general assembly to classify the laws relative to marriage, lunacy and distribution of estate.

DECIDED FOR DEFENDANT

A Suit Regarding a Contract for Sale of Land Dismissed By Judge Hole.

Lisbon, January 21.—(Special.)—The case of Job Ritter against George W. Sultner and wife, all of New Garden, was heard by Judge Hole. After taking the evidence Judge Hole decided in favor of the defendant and dismissed the case. Suit was brought to compel the performance of a contract for the sale of seven acres in Hanover township for a consideration of \$900.

The property is owned by Mrs. Sultner, but her husband, without her authority, it is alleged, put it in the hands of Hanna & Kritner, of Salem, to be sold. They disposed of it to Mr. Ritter, but Mrs. Sultner refused her consent to a deed of conveyance and the suit resulted.

NEED OF SAVING THE OHIO WOODS

Gov. Herrick's Recommendation on Promoting Forestry a Sensible One.

THE DENUDED LANDSCAPES

An Eloquent Argument in Favor of Steps Being Taken to Foster Tree Culture—State Experiments And Effort Are Urged.

The recommendation made by Governor Herrick in his inaugural address that the general assembly take steps to promote forestry in Ohio should have the early consideration of that body.

Some study of this subject has been made from time to time in connection with the state university, but it has never received the public attention which its importance merits. Ohio, like all her sisters, has been prodigal with her wealth of timber. This has become more noticeable during the past decade because the timber area has been so reduced that every acre denuded of its trees changes the aspect of the landscape.

That the denudation of our forests has had some effect on climate and has very greatly changed the character of our streams, increasing the volume of storm water instead of holding it back and giving a more even volume through a longer period, is pretty well established, says the Ohio State Journal and aesthetic reason, but not to be barren of trees, is a purely sentimental and aesthetic reason, but no to be entirely overlooked in the discussion. The beauty and attractiveness of the state should have weight in any consideration of forestry.

But the greatest argument in favor of forestry is the growing scarcity of timber and the great advance in price. This has reached a point where the Pacific coast and the southern Appalachian district is already marketing some of its excellent timber in Ohio cities and the demand is likely to increase steadily for years to come.

It is usually difficult to convince Americans of the utility of something that does not pay. Forestry will become popular in Ohio when the agricultural population and men looking for safe investments that will bring reasonable returns are convinced that reforestation will pay. On this point, much yet remains to be proved. It seems probable, however, that in some sections of the state, at least, where broken hill lands can be bought today for \$3 to \$5 per acre, a proper direction of energy toward tree growing would bring good returns on the capital invested.

This can only be demonstrated by experiment, and the state must bear the expense of that test. The determination of the best varieties of timber trees for given soils, particularly for broken hills, that today are valuable neither for cultivation nor pasture, cannot be worked out in a day or a year. It is a proper subject for study and experimentation in the agricultural department of the state university. If the general assembly does nothing more toward the advancement of forestry this winter, it should at least provide reasonable funds for this purpose and create a bureau of forestry at the state university so organized that practical results may reasonably be expected from it.

It need not require a very large expenditure and looking forward a generation or even less, it will be money wisely spent by the state.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

Among the Potteries and Allied Industries

NOT YET SETTLED.

The long pending question of a new scale of wages for printing crews has not been settled and the matter is still in the hands of the committees appointed some months ago. Members of No. 32 hope to have the matter settled in a short time, though nothing can be done until the committees make a report. It is natural that the transferers should offer resistance to any changes in the present scale which is most favorable to them, but the printers seem determined to do away with anything that ever resembles a contract, the Brotherhood being also thus opposed. Under the present arrangement the crew gets half the earnings of the press. The transferer gets this money and pays the cutter and rubber. It is claimed that the transferer makes a profit on the labor of the cutter and rubber, who do the hardest part of the work. Under the scale that has been proposed the transferer is to be placed on the same footing as the other members of the crew.

SHONE IS PUZZLED.

Alf Shone, of the ghost crew at the Standard, thinks he has been picked out as a victim by a publication house, an expose of whose methods was made in the News Review a few days ago. Mr. Shone received a letter from a New York concern stating that he had answered the puzzle correctly and that upon receipt of \$3.00 a fine silver service would be forwarded as a prize. Mr. Shone did not send an answer to the puzzle and would have given the matter no attention had it not been for a slip of paper containing his name and address in his own handwriting which was enclosed for some unknown reason in the letter. Mr. Shone is at a loss to know how the concern obtained the slip and so far has found no solution of the mystery.

CAUSES MUCH REGRET.

The death of Barney Williams, which occurred yesterday at Lisbon, was learned with regret by his large circle of acquaintances among the pottery operatives of this city. Barney was generally known, his peculiarities bringing him into notice wherever he happened to be. He possessed a genial disposition and a free, open manner that overcame any lack of acquaintance. He was a kiln hand by occupation and worked faithfully at such times as the condition of his health permitted. In intelligence he was exceptionally bright at times, like most people not evenly balanced mentally. He was a good fellow and will be greatly missed.

RALPH RICHEY ILL.

ONE FIXED POLICY.

The Crisis, after vainly looking for
defects in our news service and getting
such a blow between the eyes that it
had to send to Wellsville for assist-
ance, now attacks the News Review's
editorial policy. That policy does not
suit the Crisis—for which we are truly
thankful. It suits us and it suits
the public, so far as we can judge,
and the fact that our paid circulation
is now about 3,700 copies per day,
while that of the Crisis is, as it has
been for nearly three years, an un-
known quantity, is positive proof that
there is nothing seriously wrong with
it.

First of all, our policy is our own,
and no man who can read needs an
interpreter to tell what it is. The
Crisis, once denominated by the polit-
ical party to which it nominally ad-
heres as "neither fish, flesh nor fowl,"
when it tackles a public question at
all, waffles about every side of it and
usually concludes by assuming a judi-
cious attitude astride the fence. It
has one "policy," however, that ap-
pears fixed. That is the policy of nag-
ging at the News Review, and the more
this paper goes forward and the Crisis
backward, the more frequent are its
exhibitions of petty jealousy, spiteful
mendacity and ridiculous boasting.

The inspiration for this policy is
just what it has always been. The
ghost of Jim Deldrick still stalks
through the Crisis office and his tele-
phone at Canton dictates what that
paper shall say and do. This news-
paper shyster, who has "done time" for
his journalistic eccentricities, still
manages the Crisis—at a safe distance,
as his personal unpopularity renders
it inexpedient that he appear often at
the sanctum. It is not the Crisis pa-
grapher who deserves to be riddled
with editorial hot shot, but the chap

who stands behind him and urges him
on.

The Crisis boasts of having got back
some of its lost patronage. Figures
are wanting, as has been the case with
all Crisis circulation statements. If
that paper can show a paid circulation
half as large as the News Review it
can do better than anybody thinks
and had best go ahead and do it. For
weeks it has flaunted a ridiculous lie
about "the largest circulation in Co-
lumbiana county," at its masthead.
But it hasn't got it, and never will
have it again. And that is why the
bird flutters and the stuck pig
squeals.

The national house of representa-
tives has passed the Hepburn pure
food bill—certainly one step in the
right direction. At present prices of
food products the public is surely en-
titled to something beside adultera-
tions. The doctoring of food products
has reached a stage in this country
that is a serious menace to the health
of the people, and the practice should
be checked by the most summary
measures.

The provisions of the code must be
complied with, as regards appropri-
ations, as well as other matters. Such
is the stand taken by Mayor Weaver
and Auditor Davidson, and it is one
to be commended. The city will do
business safely only when it does it
legally.

The mayor does not believe that
the city jail should be made a hotel
for supplying bums with better food
than their stomachs are accustomed
to. A reduction of the jail bill of fare
may have the effect of keeping some
habitués out of it.

The city streets are a sight. And
we must wait for Jupiter Pluvius to
clean them.

Perpendicular pedestrianism is al-
most as difficult just now as looping
the loop.

Senator Morgan is beating Bryan at
his own game.

OBITUARY

George A. Fisher.

George A. Fisher died yesterday in a
Cleveland hospital. The body will be
taken to Long's Run church where
funeral services will be conducted by
Rev. J. N. Swan, of the East End. Mr.
Fisher was 70 years of age and many
years ago was a school teacher in St.
Clair township, standing high as a
scholar and educator, and before the
war went to the south, where he pur-
chased a large tract of land. He was
in sympathy with the Union, but his
land was confiscated and he was com-
pelled to take up arms in defense of
the south. At the earliest possible
moment he left the army and came to
his old home. His experiences are
embodied in "The Yankee Conscript,"
which he wrote after his illness. Five
years ago Mr. Fisher was stricken with
paralysis. He resided at that time in
Wellsville, and was later removed to
the hospital in Cleveland, in the hope
that he would recover. Mr. Fisher
married Miss Elizabeth Bough, and of
this union there were four children:
Mrs. M. A. Parkinson, Beaver Falls;
Orion P. Fisher, Cleveland; Otis G.
Fisher, Chicago; Mrs. W. T. Norris,
of this city. Mr. Fisher was married
eight years ago to Mrs. Harriet Irvin,
of Wellsville, who survives him.

Mrs. Newton Bell.

Word was received here today that
Mrs. Newton Bell, formerly of this
city, had died of fever at her home
in Marietta. Mr. and Mrs. Bell for-
merly lived near the corner of Third
and Jefferson streets. About two
months ago they left for a visit at
Marietta and wrote to friends here
that they had concluded to stay. Mrs.
Bell was a very estimable lady and
her death will be much regretted.
Both were members of Pan American
court, Tribe of Ben Hur. The officials
of the lodge have not yet been noti-
fied of the death.

William J. Cox.

William J. Cox, aged 42, who died at
Steubenville Wednesday very suddenly
of heart disease, was a son of the late
Robert Cox and he is survived by two
brothers and one sister, Robert R. Cox,
of Steubenville; George, of East Liv-
erpool, and Mrs. Anna M. Clarke, of
Lisbon. He was a plumber by trade
and quite efficient in his line. He was
highly esteemed.

Prescription Compounding

We like the prescrip-
tion business, because it gives us a
chance to show our ability
and great carefulness.

The Care We Take
Is For Your Sake.

All the drugs we handle are
of standard quality, and we
keep everything of the best in
our line.

The Potters Drug Store.

Barney E. Vale, Mgr.
Corner 4th and Market sts.

FRIENDS AND VISITORS

Mrs. A. S. Young and daughter
Helen are visiting relatives in Buffalo,
N. Y.

Mr. and Mrs. Monroe Patterson left
yesterday for New Orleans, to remain
until after the Mardi Gras festival.

Dr. Clyde Larkins, after a visit to
East Liverpool friends, has returned
to his duties at St. John's hospital in
Allegheny.

John Manypenny and Will Davis,
formerly of East Liverpool, who were
overcome by gas at Coshocton, are
getting along well.

S. R. Frank, of Hudson, N. Y., was
in the city for two days a guest of
John Hohmann. Mr. Frank was in
Chicago during the great catastrophe
at the Iroquois, and it is his opinion
that no theatre can be safe unless the
public knows where all its exits are.

AT THE THEATER

The presentation of the famous play,
"Rip Van Winkle," at the Grand last
night was enjoyed by one of the large-
est audiences of the season. Thomas
Jefferson, in the part created and ac-
ted so grandly for almost half a century
by his renowned father, won the ad-
miration of all. The play is elegantly
staged and costumed and many of
those who have seen the work of both
father and son aver that the mantle
of the father has fallen on most com-
petent shoulders.

"For Her Children's Sake" comes to
the Grand Saturday night. Once you
see it you will want to see it again,
so impressively and profoundly is one
touched by the importance and new-
ness that Theodore Kremer has shown
in this great melo-drama. The story
savours of the heartstone, is reminis-
cent of "Hazel Kirks" and "Little
Lord Fauntleroy," and is a far better
acting and dramatic piece than "The
Fatal Wedding."

"His Majesty and the Maid," the at-
traction to be seen here on Friday
night, promises to be one of the social
events of the year, and will be looked
forward to with much pleasure. Miss
Emerson comes here with an enviable
reputation as an actress. Her char-
acterization of the difficult but charm-
ing role of the maid has put her in the
front rank of our female stars. There
have been many changes in the cast,
in each case strengthening the attrac-
tion.

Manager Phelan, whose shrewd ob-
servation of the amusement loving pub-
lic pulse has brought him considerable
success, has this season secured the
very best line of plays obtainable in
the New York market. "The Planter's
Wife" will be presented Monday night.

A Timely Suggestion.

This is the season of the year when the
prudent and careful housewife replenishes
her supply of Chamberlain's Cough Remedy.
It is certain to be needed before the winter
is over, and results are much more prompt and
satisfactory when it is kept at hand and
given as soon as the cold is contracted and
before it has become settled in the system.
In almost every instance a severe cold may be
warded off by taking this remedy freely as
soon as the first indication of the cold ap-
pears. There is no danger in giving it to
children, for it contains no harmful substance.
It is pleasant to take—both adults and chil-
dren like it. Buy it and you will get the
best. It always cures. Sold by Alvin H.
Bulger.

You will never tire of Mrs. Austin's
Pancakes, a fresh supply now on hand
at your grocer's.

BREAK-UP OF ICE IS NOW IMMINENT

EVERYBODY WATCHING THE RIV-
ER IN ANTICIPATION.

Conditions Do Not Indicate That There
Will Be a Serious
Flood Here.

Although the river has been rising
rapidly all day, the ice gorges had not
been dislodged at a late hour this af-
ternoon. Rivermen, at the hour of
going to press, were expecting the
break at any minute. The rate of rise
today has been seven inches an hour.
No great amount of water is reported
from above and unless the rains con-
tinue a flood is not imminent. Weather
reports predict a cold wave by to-
morrow night.

The bank of the river in the vicin-
ity of the wharf boat has been lined
with people all day. The water, rising
beneath the ice, caused it to crack
and break. The noise could be heard
some distance and the watchers were
momentarily expecting the huge mass
to start.

Work at the wharfboat and the Pil-
grim coal float has been prosecuted
with vigor. All is now in readiness for
the gorge to start and under ordinary
conditions the craft hereabout will es-
cape damage. The ice will sweep both
shores, however, if there is a big rise.

Fortunately there has been compara-
tively little rain at headwaters and the
reports from Pittsburg this after-
noon were most encouraging. If the
results are as indicated the great vol-
ume of ice will be carried away before
another freeze comes. Rivermen are
hoping for this.

THREE PERISHED IN HOTEL FIRE

A Hostelry at Marion, Ind., Burned as
Result of Gas Ex-
plosion.

Marion, Ind., January 21.—(Special.)
—The Seitz hotel, one of the largest
in the city, was destroyed by fire this
morning and three guests lost their
lives. More than a dozen were injured
by jumping from the windows of the
burning structure.

Charles Bitel has been identified as
one of the dead. The fire was caused
by a gas explosion.

NEARLY ASPHYXIATED

Clerk Brown, of the Senate, Had a
Narrow Escape at Co-
lumbus.

Columbus, January 21.—(Special.)—
W. D. Brown, of Findlay, narrowly
escaped asphyxiation today at his
lodging apartment, his room becoming
filled with gas from a leaking pipe.
Brown is senate journal clerk and is
a prominent citizen of Findlay. He
will recover.

ICE STOPS SCHOOLS

Knowledge Factories of Lisbon Sus-
pend Because of Slippery
Sidewalks.

Lisbon, January 21.—(Special.)—
The Lisbon schools suspended this
afternoon on account of the slippery con-
dition of the streets, which has made
it difficult to reach the school.

A Drunken Woman—Clara Moore,
Shantytown, was arrested by Chief
Whodys this morning shortly after 2
o'clock. She was drunk and attempt-
ing to get onto the East Liverpool
bridge supposedly to commit suicide.
The mayor has not fined her yet.

Divorce Case Dropped.

Lisbon, January 21.—(Special.)—
The divorce case of Mary Burrows, of
East Liverpool vs. Levi Burrows, has
been dismissed for want of prosecu-
tion. The petition was filed June 18,
1902.

FAIL TO FORM TRUST.

German Steel Manufacturers Will
Fight Each Other Instead.

Berlin, Jan. 21.—The conferences
held at Cologne this week in an at-
tempt to organize all the great Ger-
man steel companies into a syndicate
have resulted in failure. The confer-
ences succeeded in splitting the steel
industry into two groups, the first of
which includes the manufacturers of
rolled goods, girders and other simple
structural forms, while the second is
composed of the manufacturers of
steel rails and other railway material.

The second group embraces the 16
companies which took the lead in try-
ing to effect the general organization.
These companies have now decided to
hold together and to begin a price war
upon the companies who refused to
accept the terms offered for the
general steel syndicate. The outside
companies include the Krupp Gun
Works company.

BRAZILIAN BALM only thing that kills

WILLIAMS FUNERAL TO BE HELD TOMORROW

Remains of the Unfortunate Brought
from Lisbon to This City
Today.

The body of Byron Williams, of this
city, better known as Barney, who
died yesterday morning at Lisbon, was
brought to this city today and taken
to the home of a brother, William Wil-
liams, of Ridgeway avenue. Under-
taker Miller left here yesterday over-
land and returned with the body this
morning. The funeral services will be
held at the home of his brother to-
morrow afternoon at 2:30 o'clock. Rev.
David Jones, of the M. P. church, offi-
ciating. The interment will be made
in Spring Grove.

Mr. Williams was 47 years of age
and was a son of the late William
Williams, a highly respected citizen of
East Liverpool, who died 10 years ago.
His mother, who is now in Florida;
three brothers, Robert, of Turtle
Creek, Pa.; Washington, of Crooks-
ville, and William, of this city; a sis-
ter, Mrs. O. H. Burford, of this city,
now in Florida with her mother; a
divorced wife and three children, An-
nie, William and Nettie, survive.

Mr. Williams had been subject to
periods of temporary insanity and a
short time ago he presented himself at
city hall and asked that he be taken
into custody. He was not violent at
the time, but grew worse after he was
taken to Lisbon. Permission for his re-
moval to the Massillon hospital had
been secured, but his illness caused a
postponement of the trip. Death re-
sulted from inflammation of the bow-
els, his general health having been
poor for some time.

TRAIN CAPTURED

They Took Possession of the Express
Car And Got Valuable
Plunder.

San Francisco, January 21.—(Spe-
cial.)—The second section of the Sun-
set limited train on the Southern Pa-
cific railroad was captured by bandits
near San Ardo at an early hour this
morning.

The robbers forced an entrance into
the express car, dumped the safe, con-
taining thousands of dollars worth of
property, to the ground. They then
entered the mail car, and rifled a num-
ber of pouches, securing more valuable
plunder.

The bandits escaped into the moun-
tains.

Hough-Gould.

At the parsonage of Rev. W. M. Glas-
gow last night, occurred the marriage
of Miss Ida, daughter of Mr. and Mrs.
R. M. Hough, and William Gould, an
employee of the Cleveland and Pitts-
burg railroad in the shop yards. Mr.
Hough strongly objected to the wed-
ding. He said this morning that the
young couple would reside at the home
of a sister of Mr. Gould in the West
End.

WELLSVILLE AND VICINITY

APPROPRIATION BILL
FAILED OF PASSAGE

Ordinance Referred to the Finance Committee to Be Gone Over Again.

Because the appropriation ordinance presented to Wellsville council last night called for an appropriation of \$300 to boss a street job of \$200 the ordinance was referred to the finance committee. Many other items were thought too high. The entire appropriation is to be gone over.

Auditor McGregor did not complete the ordinance until late in the evening. Mayor Fogo and Clerk Miller, of the board of safety, were working on the several appropriations all the afternoon. Practically in every instance a contingent fund was provided for in all departments. It was expected that the measure would pass without a hitch, and no little surprise was occasioned when it was referred to a committee for investigation.

Councilman O'Grady said: "This is too bulky to pass council on an instantaneous process, and it should be investigated." Other members thought as he did, and then held up the ordinance.

The finance committee will meet tomorrow afternoon to go over the appropriations and many changes will without question result.

The ordinance will come up for passage at the next meeting of council, which may be held next week.

The consolidation of the Union and Record has reached council. Clerk McQueen made a requisition for a new desk from council last night. He was authorized to buy one costing not to exceed \$50. McQueen said that because of the consolidation of the two offices, the clerk was without a place to keep the city's papers. Councilman O'Grady thought the price too high for a desk, but the clerk announced that the limit of the appropriation would not be spent.

City Auditor Charles McGregor has completed a statement of the condition of the sinking fund up to the close of the fiscal year, December 31. It follows:

Assets.	
Cash on deposit with Silver	
Banking company	\$ 1,310 57
Cash on deposit with Central	
Building & Loan company ..	5,725 39
Negotiable city bonds	8,600 00
Due from street assessments	56,546 69
Due from rents year 1904 ..	560 00
Anticipated rents year 1904 ..	1,140 00
Levied for sinking fund purposes	13,529 77
Total	\$87,412 42
Liabilities.	
Due city for Third and Hill	
street bonds	\$ 1,000 00
Bonds and coupons due in	
1903 unpaid	1,938 70
Bonds and coupons due in 1904 are as follows:	
	Bonds. Coupons.
January	\$ 1,000 00 \$ 1,980 00
February	3,060 00
March	580 00
April	3,000 00 1,282 50
June	1,700 00 208 00
July	3,000 00
August	3,060 00
September	500 00 1,084 40
October	562 50
November	889 00 400 75
December	3,434 00 3,065 30
Totals	\$10,523 00 \$18,283 45
Total liabilities, \$31,745 15.	

WELLSVILLE'S DEBT

Is Not So Enormous, According to the City Auditor—Early Reduction Expected.

There are many towns and cities in the state worse off financially than is Wellsville, according to a statement by City Auditor Charles McGregor.

The bonded indebtedness of Wellsville September 15 last was but \$438,000. Since then no reduction has been made in the debt, but quite a slice will be cut off the total within the next eight months.

Statements prepared by Auditor McGregor for the sinking fund trustees show that bonds amounting to over \$31,000 will be paid soon, which will reduce the total debt to \$402,000.

Not many bonds will be issued by the city during the year, is the general opinion of several city officials. Some street paving will likely be done during the year, but if this work is ordered the bond issue is not likely to be large.

STREET SIGNS

Contract Let for Them And Payment of the Cost Arranged For.

Money from the police fund is to be used for the naming of the streets of Wellsville. Council so decided after the tip was given by Mayor Fogo last night that the board of public safety could take care of the improvement. The contract for the street signs

was let last night to G. H. Reidel, of New Brighton, Pa., for 11 cents a letter. Just what the exact cost of this improvement will be cannot be known until City Engineer Leith tabulates the streets to be numbered, and the number of letters that are to appear in each sign.

The signs will be a white letter on a red background in a black frame. The letters will be three inches in height.

MAIL CARRIERS

Numerous Applicants for the Positions Expected in Wellsville Next Spring.

Applications galore have been filed with Postmaster T. R. Snowden for civil examination for carrier.

It is expected that before February 1 a postal inspector will visit Wellsville to make a final survey of Wellsville before the free delivery service is established. It is expected that not more than four carriers will be required to cover the city, at least for the present.

The examinations will be held as soon after the decision of the inspector is made as is consistent. Before the time for this, however, it is possible that many more applications will be filed with the department.

A COSTLY VAULT

To Be Erected in Spring Hill Cemetery By W. G. McCullough.

W. G. McCullough plans the erection of a private vault in Spring Hill cemetery, the cost not to be less than \$20,000.

This announcement was made to President Stewart, of the board of public service, recently, when the proposition was advanced to build a public vault in Spring Hill cemetery by the city. Upon the completion of the receiving vault by the city Mr. McCullough will begin to remove those bodies now being buried in the private lot to the new vault. Upon the private lot will be built the private vault.

Plans for the latter improvement are now under way.

SIX APPLICANTS

For Examinations For Positions Under the Department of Public Safety.

Clerk E. T. Taylor, of the board of public safety, has received applications from six men for the civil service examination the department will hold next Monday. There are several eligible from the classified list for the position of patrolman and fireman.

When the examinations have been completed, the successful applicants will be placed upon the classified list, and then from the entire list the patrolman and fireman will be made.

The new position is that of driver and houseman for the new combination fire and patrol wagon the department now has under construction.

SEWER EXTENSIONS

In the West End a Matter of Much Importance to the City.

The extension of the storm and sanitary sewer systems in the West End is a matter that will probably be considered by council early next spring. There was considerable sewer construction completed in Wellsville last year, but an extension of the two systems is almost a necessity.

It is thought that between \$3,000 and \$4,000 will be needed to make this proposed extension.

No plans have been made of this proposed improvement by City Engineer Leith, and just now he refuses to talk of what may be taken up in the future.

Officers And Prisoner Fell.

Detective Jewell and an officer named Miller, who works at city hall, arrested a man who gave his name as J. Kearns, of East Liverpool, at the Wellsville station late yesterday afternoon on a charge of intoxication. He was given a hearing this morning. When Miller rushed into the men's waiting room he placed the bracelets on the wrists of Kearns. As soon as Kearns touched the ice, he slipped and the trio went to the show. This performance was repeated four times before they landed at the city prison, and all because the man was handcuffed.

Price for Elliott Property.

Four members of council will meet this week to decide what price to offer

A Man
Who
Knows

When we say we know drugs we mean we know their properties, their uses, their worth. We know why it is necessary to be exact in filling prescriptions and careful in the selecting of the drugs we buy. Our prescriptions are reliably handled.

Will Reed

Grand Opera House
Pharmacy, Sixth St.

J. C. Elliott for his property on Sewer street which is desired for the city and which is to be condemned by the court. Solicitor Boyd told council last night that if some amount was offered Mr. Elliott in court and he refused to take it and the court awarded lesser damages, the costs of the case would have to be paid by Mr. Elliott. Council the last time it talked with Mr. Elliott about this land offered him \$424 for it.

HIGHLAND SEWER

Twenty-One Residents of That Avenue Petition for the Improvement.

Residents of Highland avenue want a sewer from the end of that street to Liverpool street. There are 21 property owners along the street and all are agreed to pay 60 cents a foot themselves if the sewer is put down by the city.

The proposition was presented to several councilmen during a recess at the meeting last night, but did not come up for action. Should council order the improvement it is likely the city will not have to pay a cent for the work.

Camden's Suit Against the City.

Henry Camden, whose property on Liverpool street was left in a hole after improvements to that street were made, will meet the finance committee of council next Monday evening for the purpose of recovering damages. Council some time ago asked him for a bill of cost, but none was submitted. He sued the city for \$10,000. Camden is a heater at the mill. His case was presented to council last night by Mr. Anderson.

One Sort of Indians.

"We read in a paper where Rinehart was working Indians on his grading job near Yellow Creek, and we thought we would show the people of Wellsville what sort of Indians we are," said J. H. Byers to Mayor Fogo. Byers, with H. C. Coleman, Henry Melten and Clyde Wright, were arrested yesterday by Chief Houser on a charge of disorderly conduct. They were given \$5 apiece and gave orders for the amount on Rinehart.

Receiving Vault Estimates.

Estimates for the erection of a receiving vault in Spring Hill cemetery were received this morning by Clerk St. Clair, of the board of public service. The estimate for a vault, for 12 bodies, is less than \$3,000. This money can now be borrowed in Wellsville for 4 per cent. The board has been authorized to advertise for bids.

City to Buy a Horse.

Mayor Fogo says that the horse to be used in pulling the new combination patrol and fire wagon will be purchased within the next ten days. No price has been set to pay for this horse although the department of public safety proposes to buy one that will be equal to all occasions.

Eight Mills Are On.

Eight of the nine mills at the Wellsville steel mill resumed operations yesterday, giving employment to about 300 men. Each mill is working three turns. An ample supply of raw materials have been received and because of this a continued run is expected.

Candidates Will Be On Hand.

A number of farmers from this vicinity propose to attend the annual meeting of the Central Farmers Institute which will be held in Lisbon next week. Candidates for county offices will also attend the institute.

WELLSVILLE SHORT STORIES.

A section of the roof of the C. & P.

round house is being reconstructed.

Miss Camelia Yates, of Salem, is a guest at the home of Miss Helen Russell, Front street.

At the home of Mrs. A. C. McBane, of Ninth street, as a guest is Miss Wells, of Wheeling.

G. A. Sheets, of Hanover township, a candidate for the Republican nomination for auditor, was in Wellsville yesterday calling on friends.

Miss Sophia James, of Altoona, is visiting at the home of Miss Lillian Barron, of Eleventh street, for several days.

NO WORD FROM MOORE
TO HIS RELATIVES

Body That Was to Have Been Shipped from the South Has Not Arrived.

Alliance, January 21.—(Special.)—Several days ago a report was sent out from Lisbon stating that George R. Moore, a stone cutter who went to Alabama some months ago, was dead, having either taken his own life or met with foul play. The report further stated that the body had been shipped to Lisbon, where the wife and children are now residing.

A day or two ago, J. W. Moore, of No. 725 South Linden avenue, Alliance, called at the Leader office and stated that the George R. Moore mentioned in the story was his son and at one time lived here. Mr. Moore, however, says the relatives here have received no word relative to the report and up to the present time the body has not reached Lisbon. It is now believed the story was without foundation.

COURT ORDERS

A New Trial Granted And Leave Given for the Filing of Several Petitions.

Lisbon, January 21.—(Special.)—In the case of Jared C. Williams vs. the E. H. Riggs company, leave is given to file a second amended answer in instant.

A new trial has been granted in the case of Harry Levi et al vs. J. W. Young & Co. on the ground that a verdict secured some time ago was contrary to and against the weight of the evidence.

In the case of Filippo Palermo vs. Philomena Palermo, the defendant is given leave to answer in instant.

In the case of John W. Rutledge vs. Joseph F. Fallon, leave is given to defendant to answer by January 30. A demurrer has been sustained in the case of Hannah L. vs. Albert Mullinger and the plaintiff is given leave to file an amended petition by January 30.

In the case of Julius Goetz et al vs. W. S. Daniels et al, leave is given to the Daniels to answer by February 1. In the case of Martha Taylor vs. Mayme Percival et al defendant has leave to answer by February 1.

PHENOMENAL FIGURES

The curiosity of a reporter was aroused today upon seeing the show case in front of Bendheim's shoe store completely filled with shoes, and upon inquiry was told by Mr. Bendheim that they were a lot of women's shoes which they were going to sell on Monday, January 25, for one dollar a pair. Mr. Bendheim further stated that they were shoes that they had been selling for \$2.50, \$3, \$3.50 and \$4, but as they were all AA, A and B, or narrow widths they desired to close them out at this ridiculously low price. This is certainly an excellent opportunity for ladies with slender feet, as they can buy three and four pairs for the usual price of one. Mr. Bendheim also stated that many girls of 12 years and older could be fitted from this lot. 17-h

Injured By a Fall.

Salineville, January 21.—(Special.)—Mrs. Thomas Murray had the misfortune to fall on the icy pavement and badly injured her arm. The flesh was torn from the wrist to the elbow.

Seek Damages from Laundry.

Youngstown, O., Jan. 21.—Henry Baughman, guardian of Lottie Baughman, has brought suit against the Peerless Laundry company for \$10,000 because Miss Baughman, who was employed in the laundry, had her hand drawn through an ironing machine.

Carriage Drivers on Strike.

St. Louis, Jan. 21.—Eight hundred hack and carriage drivers have gone on strike to enforce their demands for \$12.50 a week pay, a 12-hour day, 25 cents an hour for overtime and recognition of the union.

Grazing Sows to make for Coughs, Colds, & Grip, Sore Throat. 10c, 5c doses 25c.

SOUTH SIDE

FOR TAX COLLECTOR

Candidates for the Position Still Coming to the Front in Chester.

Candidates for the position of tax collector are coming to the front, two new names being mentioned in the past 24 hours, and it is thought from now on there will be on an average of one per day until the first of February, at which time but one will be considered necessary for the work. According to report O. O. Allison does not seek the position, the police duties in connection with the office not being to his liking.

The name of R. G. Mercer has been mentioned as a candidate and W. O. Gilliland has his application in readiness for presentation to council. Mr. Gilliland has been pushing his candidacy, which meets with favor from the incoming body of councilmen. Mr. Gilliland has been tax collector of Hanover township, Beaver county, Pa., for six years and it is thought he will be the lucky man.

A TERRIBLE FALL

Caused Injuries From Which Mrs. Malyn Still Suffers Greatly.

Mrs. Robert D. Malyn, of the mill addition, is slowly recovering, but is yet suffering much pain, from injuries that she sustained last Saturday. Mrs. Malyn went from the kitchen with a pan of potato peelings which she intended depositing in the back yard and while stooping over she slipped on the icy snow and fell with great force on top of the keg.

Mrs. Malyn lay on the ground for some time before any attention was paid to her absence and when relatives went to look for her, she was found in great agony. A physician was summoned, who made an examination of her injuries, which were found to consist of three broken ribs and other minor injuries.

Funeral of Miss Marshall.

The remains of Miss Olive Marshall, daughter of Hon. O. S. Marshall, were brought home yesterday evening, arriving in New Cumberland at 6 o'clock, from Lexington, Ky., where the young girl died, at the college she was attending. The funeral will take place from the family residence on Ridge avenue at 10 o'clock tomorrow. The burial will be in the New Cumberland cemetery. The many friends in Chester and throughout Hancock county were terribly shocked to hear of the death of Miss Marshall, who was a favorite with all of her acquaintances. Miss Marshall was home from school during the holidays and at the Christmas dinner her healthy appearance was spoken of, as heretofore she had not been very strong.

Conversions Were Many.

Rev. J. R. Hosick, of the Mill Creek Presbyterian church, was in town this morning visiting friends. Rev. Mr. Hosick returned this morning from New Cumberland, where he has been assisting Rev. J. S. Hamilton in a three weeks' revival service, which closed last night. Much good was done in the meetings, 63 accessions to the church having been made.

Worried About the River.

J. M. Bunting, of Congo, was in Chester today on business. Mr. Bunting stated that the residents of the lower end of Congo are very much interested in the rise of the river, with the

PROTECTS THE SYSTEM
AGAINST CATARRH

Hyomel Prevents Colds and Cures Grip and Catarrh—Money Back If It Fails.

"An ounce of prevention is worth a pound of cure." A few breaths of Hyomel through the neat pocket inhaler that comes with every outfit will check a cold or the grip at the start, and prevent serious and lasting illness.

In all catarrhal troubles and diseases of the air passages, Hyomel has a positive action not possessed by any other medicine or treatment. It is pleasant and convenient to use. Simply put 20 drops of Hyomel in the inhaler and breathe it a few minutes, four times a day. In this way, every particle of air that enters the lungs is charged with a healing balsam that kills all catarrhal germs, soothes and allays the irritated mucous membrane, vitalizes the blood with ozone, and makes a permanent and complete cure.

A Hyomel outfit costs only \$1, and contains an inhaler, medicine dropper and bottle of Hyomel. The inhaler lasts a lifetime and when more Hyomel is needed, extra bottles can be obtained for 50c.

Will Reed gives his personal guarantee with every Hyomel outfit he sells to refund the money if it does not cure.

WELLSVILLE AND VICINITY

APPROPRIATION BILL
FAILED OF PASSAGE

Ordinance Referred to the Finance Committee to Be Gone Over Again.

Because the appropriation ordinance presented to Wellsville council last night called for an appropriation of \$300 to boss a street job of \$200 the ordinance was referred to the finance committee. Many other items were thought too high. The entire appropriation is to be gone over.

Auditor McGregor did not complete the ordinance until late in the evening. Mayor Fogo and Clerk Miller, of the board of safety, were working on the several appropriations all the afternoon. Practically in every instance a contingent fund was provided for in all departments. It was expected that the measure would pass without a hitch, and no little surprise was occasioned when it was referred to a committee for investigation.

Councilman O'Grady said: "This is too bulky to pass council on an instantaneous process, and it should be investigated." Other members thought as he did, and then held up the ordinance.

The finance committee will meet tomorrow afternoon to go over the appropriations and many changes will without question result.

The ordinance will come up for passage at the next meeting of council, which may be held next week.

The consolidation of the Union and Record has reached council. Clerk McQueen made a requisition for a new desk from council last night. He was authorized to buy one costing not to exceed \$50. McQueen said that because of the consolidation of the two offices, the clerk was without a place to keep the city's papers. Councilman O'Grady thought the price too high for a desk, but the clerk announced that the limit of the appropriation would not be spent.

City Auditor Charles McGregor has completed a statement of the condition of the sinking fund up to the close of the fiscal year, December 31. It follows:

Assets.	
Cash on deposit with Silver	
Banking company	\$ 1,310 57
Cash on deposit with Central

October	1,084 40
November	859 00
December	3,434 00
Totals	\$10,523 00
Total liabilities, \$31,745 15.	\$18,283 45

WELLSVILLE'S DEBT

Is Not So Enormous, According to the City Auditor—Early Reduction Expected.

There are many towns and cities in the state worse off financially than is Wellsville, according to a statement by City Auditor Charles McGregor.

The bonded indebtedness of Wellsville September 15 last was but \$433,000. Since then no reduction has been made in the debt, but quite a slice will be cut off the total within the next eight months.

Statements prepared by Auditor McGregor for the sinking fund trustees show that bonds amounting to over \$31,000 will be paid soon, which will reduce the total debt to \$402,000.

Not many bonds will be issued by the city during the year, is the general opinion of several city officials. Some street paving will likely be done during the year, but if this work is ordered the bond issue is not likely to be large.

STREET SIGNS

Contract Let for Them And Payment of the Cost Arranged For.

Money from the police fund is to be used for the naming of the streets of Wellsville. Council so decided after the tip was given by Mayor Fogo last night that the board of public safety could take care of the improvement. The contract for the street signs

was let last night to G. H. Reidel, of New Brighton, Pa., for 11 cents a letter. Just what the exact cost of this improvement will be cannot be known until City Engineer Leith tabulates the streets to be numbered, and the number of letters that are to appear in each sign.

The signs will be a white letter on a red background in a black frame. The letters will be three inches in height.

MAIL CARRIERS

Numerous Applicants for the Positions Expected in Wellsville Next Spring.

Applications galore have been filed with Postmaster T. R. Snowden for civil examination for carrier.

It is expected that before February 1 a postal inspector will visit Wellsville to make a final survey of Wellsville before the free delivery service is established. It is expected that not more than four carriers will be required to cover the city, at least for the present.

The examinations will be held as soon after the decision of the inspector is made as is consistent. Before the time for this, however, it is possible that many more applications will be filed with the department.

A COSTLY VAULT

To Be Erected in Spring Hill Cemetery By W. G. McCullough.

W. G. McCullough plans the erection of a private vault in Spring Hill cemetery, the cost not to be less than \$20,000.

This announcement was made to President Stewart, of the board of public service, recently, when the proposition was advanced to build a public vault in Spring Hill cemetery by the city. Upon the completion of the receiving vault by the city Mr. McCullough will begin to remove those bodies now being buried in the private lot to the new vault. Upon the private lot will be built the private vault.

Plans for the latter improvement are now under way.

SIX APPLICANTS

For Examinations For Positions Under the Department of Public Safety.

Clerk E. T. Taylor, of the board of public safety, has received applications from six men for the civil service examination the department will hold next Monday. There are several eligible from the classified list for the position of patrolman and fireman.

When the examinations have been completed, the successful applicants will be placed upon the classified list, and then from the entire list the patrolman and fireman will be made.

The new position is that of driver and houseman for the new combination fire and patrol wagon the department now has under construction.

SEWER EXTENSIONS

In the West End a Matter of Much Importance to the City.

The extension of the storm and sanitary sewer systems in the West End is a matter that will probably be considered by council early next spring. There was considerable sewer construction completed in Wellsville last year, but an extension of the two systems is almost a necessity.

It is thought that between \$3,000 and \$4,000 will be needed to make this proposed extension.

No plans have been made of this proposed improvement by City Engineer Leith, and just now he refuses to talk of what may be taken up in the future.

Officers And Prisoner Fell.

Detective Jewell and an officer named Miller, who works at city hall, arrested a man who gave his name as J. Kearns, of East Liverpool, at the Wellsville station late yesterday afternoon on a charge of intoxication. He was given a hearing this morning. When Miller rushed into the men's waiting room he placed the bracelets on the wrists of Kearns. As soon as Kearns touched the ice, he slipped and the trio went to the show. This performance was repeated four times before they landed at the city prison, and all because the man was handcuffed.

Price for Elliott Property.

J. C. Elliott for his property on Sewer street which is desired for the city and which is to be condemned by the court. Solicitor Boyd told council last night that if some amount was offered Mr. Elliott in court and he refused to take it and the court awarded lesser damages, the costs of the case would have to be paid by Mr. Elliott. Council the last time it talked with Mr. Elliott about this land offered him \$124 for it.

HIGHLAND SEWER

Twenty-One Residents of That Avenue Petition for the Improvement.

Residents of Highland avenue want a sewer from the end of that street to Liverpool street. There are 21 property owners along the street and all are agreed to pay 60 cents a foot themselves if the sewer is put down by the city.

The proposition was presented to several councilmen during a recess at the meeting last night, but did not come up for action. Should council order the improvement it is likely the city will not have to pay a cent for the work.

Camden's Suit Against the City.

Henry Camden, whose property on Liverpool street was left in a hole after improvements to that street were made, will meet the finance committee of council next Monday evening for the purpose of recovering damages. Council some time ago asked him for a bill of cost, but none was submitted. He sued the city for \$10,000. Camden is a heater at the mill. His case was presented to council last night by Mr. Anderson.

One Sort of Indians.

"We read in a paper where Rinehart was working Indians on his grading job near Yellow Creek, and we thought we would show the people of Wellsville what sort of Indians we are," said J. H. Byers to Mayor Fogo. Byers, with H. C. Coleman, Henry Melten and Clyde Wright, were arrested yesterday by Chief Houser on a charge of disorderly conduct. They were given \$5 apiece and gave orders for the amount on Rinehart.

Receiving Vault Estimates.

Estimates for the erection of a receiving vault in Spring Hill cemetery were received this morning by Clerk St. Clair, of the board of public service. The estimate for a vault, for 12 bodies, is less than \$3,000. This money can now be borrowed in Wellsville for 4 per cent. The board has been authorized to advertise for bids.

City to Buy a Horse.

Mayor Fogo says that the horse to be used in pulling the new combination patrol and fire wagon will be purchased within the next ten days. No price has been set to pay for this horse although the department of public safety proposes to buy one that will be equal to all occasions.

Eight Mills Are On.

Eight of the nine mills at the Wellsville steel mill resumed operations yesterday, giving employment to about 300 men. Each mill is working three turns. An ample supply of raw materials have been received and because of this a continued run is expected.

Candidates Will Be On Hand.

A number of farmers from this vicinity propose to attend the annual meeting of the Central Farmers Institute which will be held in Lisbon next week. Candidates for county offices will also attend the institute.

Miss Sophia James, of Altoona, is visiting at the home of Miss Lillian Barron, of Eleventh street, for several days.

NO WORD FROM MOORE
TO HIS RELATIVES

Body That Was to Have Been Shipped from the South Has Not Arrived.

Alliance, January 21.—(Special).—Several days ago a report was sent out from Lisbon stating that George R. Moore, a stone cutter who went to Alabama some months ago, was dead, having either taken his own life or met with foul play. The report further stated that the body had been shipped to Lisbon, where the wife and children are now residing.

A day or two ago, J. W. Moore, of No. 725 South Linden avenue, Alliance, called at the Leader office and stated that the George R. Moore mentioned in the story was his son and at one time lived here. Mr. Moore, however, says the relatives here have received no word relative to the report and up to the present time the body has not reached Lisbon. It is now believed the story was without foundation.

COURT ORDERS

A New Trial Granted And Leave Given for the Filing of Several Petitions.

Lisbon, January 21.—(Special).—In the case of Jared C. Williams vs. the E. H. Riggs company, leave is given to file a second amended answer in stantler.

A new trial has been granted in the case of Harry Levi et al vs. J. W. Young & Co. on the ground that a verdict secured some time ago was contrary to and against the weight of the evidence.

In the case of Filippo Palermo vs. Philomena Palermo, the defendant is given leave to answer in stantler.

In the case of John W. Rutledge vs. Joseph F. Falloon, leave is given defendant to answer by January 30. A demurrer has been sustained in the case of Hannah L. vs. Albert Mullinger and the plaintiff is given leave to file an amended petition by January 30.

In the case of Julius Goetz et al vs. W. S. Daniels et al, leave is given Tillie Daniels to answer by February 1. In the case of Martha Taylor vs. Mayme Percival et al defendant has leave to answer by February 1.

PHENOMENAL FIGURES

The curiosity of a reporter was aroused today upon seeing the show case in front of Bendheim's shoe store completely filled with shoes, and upon inquiry was told by Mr. Bendheim that they were a lot of women's shoes which they were going to sell on Monday, January 25, for one dollar a pair. Mr. Bendheim further stated that they were shoes that they had been selling for \$2.50, \$3, \$3.50 and \$4, but as they were all AA, A and B, or narrow widths they desired to close them out at this ridiculously low price. This is certainly an excellent opportunity for ladies with slender feet, as they can buy three and four pairs for the usual price of one. Mr. Bendheim also stated that many girls of 12 years and older could be fitted from this lot. 17-h

Salineville, January 21.—(Special).—Mrs. Thomas Murray had the misfortune to fall on the icy pavement and badly injured her arm. The flesh was torn from the wrist to the elbow.

Seek Damages from Laundry. Youngstown, O., Jan. 21.—Henry Baughman, guardian of Lottie Baughman, has brought suit against the Peerless Laundry company for \$10,000 because Miss Baughman, who was employed in the laundry, had her hand drawn through an ironing machine.

Carriage Drivers on Strike. St. Louis, Jan. 21.—Eight hundred hack and carriage drivers have gone on strike to enforce their demands for \$12.50 a week pay, a 12-hour day, 25 cents an hour for overtime and recognition of the union.

Brazilian Balm is magic for Coughs, Colds, Sore Throat, Sore Eyes, Sore Feet, Sore Nails, Sore Lips, Sore Gums, Sore Throat, Sore Eyes, Sore Feet, Sore Nails, Sore Lips, Sore Gums.

SOUTH SIDE

FOR TAX COLLECTOR

Candidates for the Position Still Coming to the Front in Chester.

Candidates for the position of tax collector are coming to the front, two new names being mentioned in the past 24 hours, and it is thought from now on there will be on an average of one per day until the first of February, at which time but one will be considered necessary for the work. According to report O. O. Allison does not seek the position, the police duties in connection with the office not being to his liking.

The name of R. G. Mercer has been mentioned as a candidate and W. O. Gilliland has his application in readiness for presentation to council. Mr. Gilliland has been pushing his candidacy, which meets with favor from the incoming body of councilmen. Mr. Gilliland has been tax collector of Hanover township, Beaver county, Pa., for six years and it is thought he will be the lucky man.

A TERRIBLE FALL

Caused Injuries From Which Mrs. Malyn Still Suffers Greatly.

Mrs. Robert D. Malyn, of the mill addition, is slowly recovering, but is yet suffering much pain, from injuries that she sustained last Saturday. Mrs. Malyn went from the kitchen with a pan of potato peelings which she intended depositing in the back yard and while stooping over she slipped on the icy snow and fell with great force on top of the keg.

Mrs. Malyn lay on the ground for some time before any attention was paid to her absence and when relatives went to look for her, she was found in great agony. A physician was summoned, who made an examination of her injuries, which were found to consist of three broken ribs and other minor injuries.

Funeral of Miss Marshall.

The remains of Miss Olive Marshall, daughter of Hon. O. S. Marshall, were brought home yesterday evening, arriving in New Cumberland at 6 o'clock, from Lexington, Ky., where the young girl died, at the college she was attending. The funeral will take place from the family residence on Ridge avenue at 10 o'clock tomorrow. The burial will be in the New Cumberland cemetery. The many friends in Chester and throughout Hancock county were terribly shocked to hear of the death of Miss Marshall, who was a favorite with all of her acquaintances. Miss Marshall was home from school during the holidays and at the Christmas dinner her healthy appearance was spoken of, as heretofore she had not been very strong.

Conversions Were Many.

Rev. J. R. Hosick, of the Mill Creek Presbyterian church, was in town this morning visiting friends. Rev. Mr. Hosick returned this morning from New Cumberland, where he has been assisting Rev. J. S. Hamilton in a three weeks' revival service, which closed last night. Much good was done in the meetings, 63 accessions to the church having been made.

Worried About the River.

J. M. Bunting, of Congo, was in Chester today on business. Mr. Bunting stated that the residents of the lower end of Congo are very much interested in the rise of the river, with the

PROTECTS THE SYSTEM
AGAINST CATARRH

Hyomei Prevents Colds and Cures Grip and Catarrh—Money Back If It Fails.

"An ounce of prevention is worth a pound of cure." A few breaths of Hyomei through the neat pocket inhaler that comes with every outfit will check a cold or the grip at the start, and prevent serious and lasting illness.

In all catarrhal troubles and diseases of the air passages, Hyomei has a positive action not possessed by any other medicine or treatment. It is pleasant and convenient to use. Simply put 20 drops of Hyomei in the inhaler and breathe it a few minutes, four times a day. In this way, every particle of air that enters the lungs is charged with a healing balsam that kills all catarrhal germs, soothes and allays the irritated mucous membrane, vitalizes the blood with ozone, and makes a permanent and complete cure.

A Hyomei outfit costs only \$1, and contains an inhaler, medicine dropper and bottle of Hyomei. The inhaler lasts a lifetime and when more Hyomei is needed, extra bottles can be obtained for 50c.

Will Reed gives his personal guarantee with every Hyomei outfit he sells to refund the money if it does not cure.

REALM OF SPORTS

MUNROE CONFIDENT

Feels Sure He Will Beat Sharkey and Wants to Meet Jeffries.

Jack Munroe, interviewed in Cincinnati, said he was in pretty good shape and would be better before he met Sharkey. He is confident of beating the sailor and said: "I know I can hit harder than he can, and so far as science is concerned, he has nothing on me. Sharkey is a rough fighter, but I'm pretty good at that game myself, and I will give him all the wants of that sort of game. I have a great advantage in height and reach, and that will come in good. They say he is a rusher; well, that is just what I like. Jeffries rushed me when I fought him, and I had the better of that bout, and I hope Sharkey will try the same thing."

"Are you willing to meet Jeffries again?"

"Yes sir," was the emphatic reply. "Just as soon as I get through with Sharkey, Jeffries will not be able to deny me any longer. He will be forced to take me on. He has side-stepped me right along, but he will have to fight me after I lick Sharkey, and I'll do that sure. I gave Jeff the best fight he has had since he's been champion, and I'll give him a better one the next time we meet. Just put a nail in that."

Arrested for Pitching Dollars.

Muggsy McGraw, the New York base ball manager, and C. T. Buckley, of Buckley & Bailey, horsemen, were arrested at Hot Springs while in company with a St. Louis man. They were pitching silver dollars at a basket. Several days ago \$2,300 was won in this manner at the Arlington hotel by Buckley and McGraw. This time they were out in the open, and strangers passing witnessed the game. McGraw was very angry.

Backing for Washington.

The story is being revived that Ban Johnson has succeeded in interesting John R. McLean, the Washington capitalist, in the American league club in that city. Until an official announcement is made to that effect, however, it will be well to take it with a grain of salt. Mr. McLean had two experiences in base ball here in Cincinnati, and both proved dismal failures, and it is not likely he will care to take another chance.

Speed Skating.

W. L. Crooks, of Wellsville, will be

Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best if suffering from one or more of the many ailments peculiar to her sex. These ailments invariably cause, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA

Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women the world over. It relieves immediately and eventually cures all cases of disordered menstruation, female weakness, prostration, chronic constipation, sick head, ache, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make a lifetime of suffering. The use of the Herb Tea will enable her to retain these qualities. It clears the complexion and improves the hair. A woman who takes this tea will give a woman health and strength.

Chicago, April 18, 1903.

Hamlins Wizard Oil Co., Chicago, Ill. Gentlemen—My wife had been suffering with female weakness and extreme nervousness which latter the physician who has been attending her for a long time attributed to her long static to sleep. After taking about all night she would invariably rise in the morning with a terrible headache. The doctor seemed to be able to do nothing for her and she was constantly getting worse. She decided to try your Herb Tea and drink a cupful before retiring. In the morning she arose the first time in months. She has continued taking it during the past three months and has forgotten what a sleepless night means. She is feeling splendid and every one remarks how well she is looking. Her complexion is as clear as a young girl's and her figure has improved wonderfully. Yours truly,

MISS CORNELIA A. WELLS.

glad to meet any amateur skater of East Liverpool at West End park to arrange for a contest in speed skating. Date for making arrangements may be had by appointment.

SPORTING MISCELLANY.

The Central league desires to enter Youngstown.

The Cleveland club has nearly a dozen pitchers, but some will be given tickets of leave before it is time to draw salaries.

Frank Foreman, who pitched for the Senators years ago, may break into the Southern league as manager of the Savannah club.

George Tebeau was reported as among the missing in the Chicago theatre fire. For two days George did not talk, hence the rumor about him being dead.

Ted Sullivan says Fred Clarke, Johnny McGraw and Frank Selee are the best managers in the National league. He thinks Ned Hanlon has gone back considerably in the last couple of years.

PLAN TO BUY UP

BEAVER WATER WORKS

Beaver Valley Water Company Said to Have Offered \$100,000 for the Plant.

Beaver, Pa., January 21.—Much excitement was created here yesterday by the story, which has the earmarks of truth, that the Valley Water company, which supplies Beaver Falls, Rochester, Bridgewater and Freedom, had offered \$100,000 for the water works system of the borough of Beaver. The local works cost about \$80,000, for which borough bonds were issued. The plant has been in operation about 10 years.

The Beaver water works system is among the best in the state, the water being obtained from 10 wells on the shore of the Ohio river, though the water does not come from the river and is always as clear as crystal and of the best quality.

Citizens claim that the proposition to dispose of the plant will be defeated should it be put to a vote of the people.

TWO APPEALED CASES

In Which Maxwell & Bowser Are Defendants and in Which Money is Asked.

Lisbon, January 21.—(Special).—The case of Ernest T. Glass, a minor, by his guardian, Frank P. Glass, against A. J. Maxwell and James Bowser, doing business as Maxwell and Bowser, has been appealed from the court of Justice Dickinson, of Center township. The plaintiff sued for \$150 with interest from December last at 6 per cent, alleged to be due for labor.

In the justice's court judgment for the full amount was rendered in favor of the plaintiff with costs taxed at \$9.60, and property consisting of a boiler, engine, derrick and other machinery, in the hands of the Columbus Gas company, of Lisbon, were attached in satisfaction of the claim.

A like case in which James C. Miller is plaintiff against the same parties has also been appealed from Justice Dickinson's court, where judgment for \$169, the full amount sued for with costs taxed at \$11.71, was rendered for the plaintiff.

BANK IS SUGGESTED

Miners' Convention Will Consider Proposal to Open One in Indianapolis.

HAVE MILLION TO START WITH

New Departure in Conduct of Labor Organizations Suggested—Coal from Coking Field Threatens to Affect Other Pennsylvania Miners' Wages.

Indianapolis, Jan. 21.—The United Mine Workers' convention devoted its time to considering resolutions offered by delegates. The miners' scale committee, which will formulate the demands of the miners in Indiana, Ohio, Illinois and Western Pennsylvania, elected Thomas Reynolds of Illinois chairman and W. H. Haskins of Ohio secretary.

The invasion of the coal trade by the Connellsville, Pa., district coke, which threatens to disrupt the central competitive district joint conference agreements, has begun to attract much attention. Patrick Dolan of the Pittsburgh district, backed by the Central Pennsylvania and Ohio district delegations, is leading the movement to force the organization of the coke regions, or in some way devise means to stop the invasion.

The coke men, who are mining coal for coking at 40 cents while the Pittsburgh and Central Pennsylvania district operators are paying 60 cents, have found a slack coke market. They are only using their slack now in making coke and are dumping the rest of the coal in on the open market in Pittsburgh. Other operators, having to pay 20 cents more a ton for mining, and the same freight rates, find a condition that demands attention.

Among the propositions to be considered is that the mine workers use their \$1,000,000 treasury fund by going into the banking business. If such a bank was organized it would be established in Indianapolis, where a number of other labor organizations have their headquarters and where the bank would have an opportunity to become the national depository of large labor organizations. Indications are that the suggestion will be laid on the table. The suggestion, however, marks a new step in unionism. The miners, too, are the first trades people to have a \$1,000,000 treasury fund.

The suggestion was made by Secretary-Treasurer Wilson.

There is more coking in this section of the country than at any other place, and it is not to be expected that it will be profitable for a long time. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven coking to be a constitutional disease and therefore requires constitutional treatment. Hall's coking cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a tea-spoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

When you ask for Mrs. Austin's Pan-cake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

Big Removal Sale Starts Saturday Morning, Jan. 23, at 8 a. m.

And every article in both stores will have prices to move them quickly. Not one piece of merchandise will be reserved from this our largest sale in the history of our business as we will open all new stock at 123 6th St., Opera House Bldg., April 1st, and desire everything closed out by March 15, at our present quarters. Avail yourselves of this opportunity. Whatever you need in our lines, it will pay you to put off buying for a few days. Your cents will buy dollars in value here, as we have all new goods to open with April 1st, therefore we must close out everything to give possession of the room we now occupy.

The Bostonian Shoe House & Haberdasher

Our stores will be closed all day Thursday and Friday of this week making preparations for this sale.

105 6th St. and 239 Washington Sts.

East Liverpool, O.

"NUF CED."

REALM OF SPORTS

MUNROE CONFIDENT

Feels Sure He Will Beat Sharkey and Wants to Meet Jeffries.

Jack Munroe, interviewed in Cincinnati, said he was in pretty good shape and would be better before he met Sharkey. He is confident of beating the sailor and said: "I know I can hit harder than he can, and so far as science is concerned, he has nothing on me. Sharkey is a rough fighter, but I'm pretty good at that game myself, and I will give him all he wants of that sort of game. I have a great advantage in height and reach, and that will come in good. They say he is a rusher; well, that is just what I like. Jeffries rushed me when I fought him, and I had the better of that bout, and I hope Sharkey will try the same thing."

"Are you willing to meet Jeffries again?"

"Yes sir," was the emphatic reply. "Just as soon as I get through with Sharkey, Jeffries will not be able to deny me any longer. He will be forced to take me on. He has side-stepped me right along, but he will have to fight me after I lick Sharkey, and I'll do that sure. I gave Jeff the best fight he has had since he's been champion, and I'll give him a better one the next time we meet. Just put a nail in that."

Arrested for Pitching Dollars.

Muggsy McGraw, the New York base ball manager, and C. T. Buckley, of Buckley & Bailey, horsemen, were arrested at Hot Springs while in company with a St. Louis man. They were pitching silver dollars at a basket. Several days ago \$2,300 was won in this manner at the Arlington hotel by Buckley and McGraw. This time they were out in the open, and strangers passing witnessed the game. McGraw was very angry.

Backing for Washington.

The story is being revived that Dan Johnson has succeeded in interesting John R. McLean, the Washington capitalist, in the American league club in that city. Until an official announcement is made to that effect, however, it will be well to take it with a grain of salt. Mr. McLean had two experiences in base ball here in Cincinnati, and both proved dismal failures, and it is not likely he will care to take another chance.

Speed Skating.

W. L. Crooks, of Wellsville, will be

Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best if suffering from one or more of the many ailments peculiar to her sex. These ailments invariably cause, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA

Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women. The worst cases of indigestion, constipation, female weakness, prostration, chronic constipation, sick head aches, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make her old before her time. The use of the Herb Tea enables her to retain these qualities. It clears the complexion and improves the form. A cupful at bed time will give a woman health and strength.

Chicago, April 19, 1903.

Gentlemen—My wife had been suffering with female weakness and extreme nervousness which latter the physician who has been attending her for a long time attributed to her being unable to sleep. After taking about all night, she would invariably find in the morning with a terrible headache. The doctor seemed to be able to do nothing for her, and she was constantly getting worse. She decided to try your Herb Tea and drank a cupful before retiring. In the morning she arose after a good night's rest and without a headache for the first time in months. She has continued taking it during the past three months and has forgotten what a sleepless night means. She is feeling splendid and every one remarks how well she is looking. Her complexion is as clear as a young girl's and her figure has improved wonderfully.

BANK IS SUGGESTED

Miners' Convention Will Consider Proposal to Open One in Indianapolis.

HAVE MILLION TO START WITH

New Departure in Conduct of Labor Organizations Suggested—Coal from Coking Field Threatens to Affect Other Pennsylvania Miners' Wages.

Indianapolis, Jan. 21.—The United Mine Workers' convention devoted its time to considering resolutions offered by delegates. The miners' scale committee, which will formulate the demands of the miners in Indiana, Ohio, Illinois and Western Pennsylvania, elected Thomas Reynolds of Illinois chairman and W. H. Haskins of Ohio secretary.

The invasion of the coal trade by the Connellsville, Pa., district coke, which threatens to disrupt the central competitive district joint conference agreements, has begun to attract much attention.

Patrick Dolan of the Pittsburgh district, backed by the Central Pennsylvania and Ohio district delegations, is leading the movement to force the organization of the coke regions, or in some way devise means to stop the invasion.

The coke men, who are mining coal for coking at 40 cents while the Pittsburgh and Central Pennsylvania district operators are paying 60 cents, are only using their slack now in making coke and are dumping the rest of the coal in on the open market in Pittsburgh. Other operators, having to pay 20 cents more a ton for mining, and the same freight rates, find a condition that demands attention.

Among the propositions to be considered is that the mine workers use their \$1,000,000 treasury fund by going into the banking business. If such a bank was organized it would be established in Indianapolis, where a number of other labor organizations have their headquarters and where the bank would have an opportunity to become the national depository of large labor organizations. Indications are that the suggestion will be laid on the table. The suggestion, however, marks a new step in unionism. The miners, too, are the first trades people to have a \$1,000,000 treasury fund.

The suggestion was made by Secretary-Treasurer Wilson.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly inflicting in doses from ten drops to one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

When you ask for Mrs. Austin's Pancake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

Contagion! Contagion!

This is the Alarm that must be Sounded Against Catarrh.

It is Contagious! It is Catching! It is Infectious!

Catarrh is a GERM disease and must be so treated henceforth. BRAZILIAN BALM is the only antidote that destroys the infectious germ and makes a radical cure.

A Home Treatment for \$1.00 With Tonic Free

We all know that Small Pox, Typhoid, Diphtheria, Measles, Mumps, Scarlet Fever, Whooping Cough, etc., are "catching." They are "catching" or contagious because they are germ or microbe diseases. This is no theory, it is a proved fact, admitted by all scientific men. Dr. Theodore Potter, the eminent Bacteriologist, says:—"We can see bacteria, can cultivate them, can identify and grow the different varieties. We can plant them in the bodies of men and animals and reproduce at will the diseases from which the bacteria were obtained."

This is equally true of Catarrh. The catarrh-like breath of the Catarrh victim is laden with these malignant germs, so is the pus. Put a drop of it under a powerful microscope and see the twirlings. They are very minute it is true. It takes 30,000 of them laid side by side to cover an inch on the rule, but there is probably no microbe so long lived, so persistent, so voracious and so hard to kill.

Not Climatic.

The opinion has widely prevailed that Catarrh was caused by climatic conditions. This is found to be a mistake, and has had most disastrous results, leaving the disease to spread unchecked over wide sections of the country. Possibly some localities are more favorable to its development and more than others, but there must be the seed before you can get the harvest. Oats must be sown to produce oats, and wheat to produce wheat. The Small Pox microbe must be sown to produce Small Pox, the Mumps microbe

to produce Mumps. So the Catarrh microbe must be berated in to produce Catarrh, climate or no climate. The Catarrh germ will produce Catarrh and nothing else will produce it.

Again, among the Aborigines of this country Catarrh was unknown. That proves it is not "climatic." Another thing. It took 30 years for Catarrh to get a foothold among us. Every year ago less than 5 per cent. of the adult population were affected. Today there are over 20,000,000 victims, and rapidly multiplying. Has "climate" done this? Could anything do it but contagion?

How has it Spread?

The breath! The food, germ-laden breath. Also by contact, as in kissing. Also from expectorations; and washing in the same bowl, using the same towels, napkins, etc., used by those afflicted with this putrid disease. It does not spring from the blood or any condition of the blood. The Catarrh microbe is never found in the "blood." It is not a "blood disease" and cannot be cured by "blood medicines." It is a germ disease and is propagated as above stated. It could not be propagated through the "blood."

A Sanitary Problem.

No rapid have been the ravages of this putrid distemper within the last few years that it must soon come to the front as the most vital sanitary problem. The disease is everywhere, but in many localities it is a veritable pestilence. If every house were quarantined where it exists how many houses would fail to display the "Yellow Flag"? Every one must help to stamp out this plague. Every one is vitally interested. Every one who is now free from it must avoid contagion as they would Small Pox or the Cholera. Those who are afflicted with it, even in a mild form, should hasten to get cured, and for the other members of the family for their

own safety, should insist on instant action. With united action the plague can be stayed and stamped out.

One Sure Cure.

Fortunately an antidote has at last been found for this filthy and infectious disorder. At last, after everything else had failed, and even the doctors had given up to despair, Brazilian Balm was discovered. It kills the microbe instantly; it penetrates between the folds and into the deepest passages of the head, healing the most ulcers and running sores. It is the most healing balm in the world. The moment you begin its use it renders the breath and expectoration immune (non-contagious). It heals the throat, curing Asthma and Bronchitis. It heals the stomach that has been made raw and ulcerated by swallowing the germ-laden Catarrh pus. It quickly takes Colds and Grippe out of the system. It has been in use 15 years and cured tens of thousands, even where the throat was eaten out so you could put your finger into the holes an inch deep. It will cure you.

A Great Offer.

Catarrh victims have run down systems and impaired vitality. It could hardly be otherwise. They need a good Tonic to help in restoring their lost vigor. A nerve and strength builder. We have the best remedy for this known to science: TOXICOLA TABLETS. We will from this time on, for the next six months, enclose a month's treatment of TOXICOLA TABLETS with every \$1.00 bottle of Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a Month's Treatment. See that the name is blown in the bottle, B. F. Jackson & Co., Indianapolis, Ind. The summer is the best time to treat Catarrh as the disease is less violent then than in cold weather.

KODOL
Digests What You Eat.
Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Lorine Nichols of Penn Yan, N. Y., writes: "After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured."

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only. \$1.00 Size holding 2½ times the trial size, which sells for 50c.

CHICHESTER'S ENGLISH PENICILLOID PILLS

Original and Only Genuine. Safe, Effective, and Only Genuine. In the treatment of Catarrh, the only safe and effective remedy is CHICHESTER'S ENGLISH PENICILLOID PILLS. It is a scientific fact that all cases of Catarrh, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

TRAINED NURSE TELLS HER APPEALS TO POWERS

EXPERIENCE WITH

DR. GREENE'S NERVURA

TRAINED NURSE, MRS. ANNIE G. DUGGAN, 17

Mrs. Annie G. Duggan, of 6 St. Charles Street, Boston, Mass., for fifteen years has been employed as a nurse in the Boston Hospital. Her reputation in her profession is of the highest, and her opinion, that Dr. Greene's Nervura blood and nerve remedy will cure rheumatism and sciatica, is therefore worthy of the greatest consideration.

Mrs. Duggan says: "I was troubled with sciatica for over four months, and was treated by three different physicians, but received no relief. As a last resort my friends advised me trying Dr. Greene's Nervura blood and nerve remedy, which I did, and in six weeks I was a well woman. Although it was four years ago I have had no return of the trouble."

"My sister also was troubled with rheumatism, and I advised her to try Dr. Greene's Nervura, which she did, and received great relief from it. I consider Dr. Greene's Nervura a godsend to me, and gladly recommend it."

Rheumatism is a blood disease. The circulation is impaired, and the blood becomes stagnant and impure. Dr. Greene's Nervura cures rheumatism by restoring normal conditions, so that a moderate use of the remedy will cause the disease to disappear. Of purely vegetable origin, Dr. Greene's Nervura blood and nerve remedy acts in concert with natural laws and produces its permanent effect by feeding and enriching the blood supply. It is an ideal tonic when run down or exhausted, and nothing can exceed its inherent power to cure the lingering diseases that wreck the lives and hopes of men and women. Dr. Greene was many years discovering and perfecting the medicine which was finally offered to the world as Nervura, and his earnest and skillful work has been demonstrated by the record of cure which this remedy has made during many years.

If there is anything about your case you do not understand, write to Dr. Greene, 101 Fifth Avenue, New York City. His advice is free.

Your Druggist recommends and sells

BEN TRAVATA THE GENTLEMAN'S FRIEND ASK YOUR DRUGGIST

LATEST PROPOSAL OF JAPAN

Makes China's Sovereignty Over Manchuria One of the Conditions of Peace—Great Britain is Asked to Persuade Japan to Withdraw It.

Tokio, Jan. 21.—Japanese newspapers publish a report from continental sources that Russia has decided to appeal to the powers to avert war. This is regarded here as proof of Russia's unreadiness to make satisfactory concessions.

London, Jan. 21.—The foreign office has reason to believe that Russia is willing to concede practically all Japan's demands, but that she cannot see her way to make a treaty with Japan recognizing in black and white China's sovereignty over Manchuria. Russia has approached Great Britain to urge Japan to forego this stipulation and to accept in lieu thereof the assurances to the same end already given to other powers.

It is pointed out at the foreign office that Great Britain, being such an interested party, is in a difficult position and can scarcely recommend such a course to her ally. For the moment the situation rests there. Whether or not Japan will insist to the bitter end on a treaty recognizing Chinese sovereignty over Manchuria the foreign office does not yet know. It thinks the Japanese themselves will not decide until after the delivery of the Russian reply, which is scarcely expected till next week. Great Britain has not yet taken steps to appoint consuls at Mukden and Antung.

Suez, Jan. 21.—Nine Russian torpedo boat destroyers have arrived here from Port Said bound for the Far East. The Russian transport Oreil has sailed for the Far East.

Aden, Arabia, Jan. 21.—The Japanese cruiser Kasaga sailed from here for the Far East.

Seoul, Jan. 21.—The emperor of Korea has ordered that 700 revolvers and clubs be distributed to the "peditars," who are nominally secret police and a dangerous element. Many Americans are leaving Seoul, fearing trouble.

MAY WHEAT GOES UP.

Armour Credited With Carrying 15,000,000 Bushels and Buying.

Chicago, Jan. 21.—May wheat has touched a new high mark, \$2.24 3/4 cents, a net gain for the day of 2 1/4 cents and 16 cents higher than the average price last fall.

The local wheat situation as regards prices is highly artificial, as is shown by the character of the trade which caused so sharp a gain in prices. Armour is credited with a long line of 15,000,000 bushels contracted for May delivery. Local contract stocks approximate only 2,000,000 bushels. This comparison agitated shorts and stirred them to excited activity, but the best they could do, for the most part, was to distribute the burden among themselves. Nothing that looked like Armour selling could be discovered. On the other hand, considerable commission house buying was credited to the paramount interest. Private messages indicate that a considerable quantity of the short wheat on the Armour books was put out by eastern people. May corn and May oats, control of which is generally thought to be closely centralized, also advanced sharply.

BLAIR WILL FILED.
Leaves Bulk of Estate to Wife in Affectionate Terms.
St. Louis, Jan. 21.—The will of the late James L. Blair, former general counsel of the Louisiana Purchase Exposition company, who died in Eustis Fla., last week, was filed for probate. The first clause provides for the payment of funeral expenses and all debts as speedily as possible. In the second clause Mr. Blair bequeaths to his mother, Mrs. Frank P. Blair, a large portrait of his father and all papers written by or relating to the late General Blair.

In making a bequest of the residuum of the estate to his wife, Appoline M. Blair, Mr. Blair refers to her as "my darling wife," and leaves to her all the rest of his estate absolutely free and clear of any restrictions, the will stating that he has perfect confidence that she will properly care for Percy and Francis, the two sons.

MAY LOSE YOUNG HUSBAND.
Suit to Annul Marriage of Boy to His Teacher.

Cincinnati, Jan. 21.—Suit has been entered to annul the marriage of James N. Taylor, the 19-year-old son of Alfred B. Taylor, a prominent citizen of Glendale, to Miss Miriam DeCima Spooner, who was young Taylor's teacher.

She is 26 years of age. They eloped to Maysville, Ky., a few weeks ago and were married. The marriage literally tore up the aristocratic village of Glendale. It is claimed the youth, through illness, is a mere child in responsibility. Mrs. Taylor may fight.

Goes South to Recuperate.
Washington, Jan. 21.—Secretary Hay has gone to Thomasville, Ga., to remain 10 days or two weeks as the guest of Colonel Payne.

DOGGED BY BAD LUCK.

Theatrical People, Stranded in Chicago, Narrowly Escape Death.

Chicago, Jan. 21.—Ill-fortune of Chicago theatrical people during the last few weeks was again in evidence at a fire in the Grand Palace hotel, nearly 200 members of the profession being driven into the streets by the flames. It was with difficulty that a panic was averted and the frightened men and women assisted from the structure in safety. The fire originated on the second floor, supposedly from crossed electrical wires, and was carried quickly up the elevator shaft by a draught to the top floor.

Joseph Northrop, a guest of the hotel, saw the smoke in the shaft and ran downstairs in the rear of the building to notify the night clerk. The clerk immediately started awakening the guests and Northrop stepped into the elevator, ran it upward through the smoke and flames and helped to arouse the guests on the top floors.

A number of women were preparing to jump from the windows when policemen arrived and aided the work of restraint and rescue. The women were led to a rear stairway, down which they escaped through the smoke that was pouring upward from the lower floors. Miss Louise Mitchell, who had been hemmed in by the flames, was rescued by the firemen and taken down a fire escape. Few of the guests had time to dress, but a number of the women had thought of

their theatrical wardrobes and stood shivering in the lower halls of the building holding some gaudy decorations of gauze and tinsel.

The fire was extinguished quickly after the guests had been taken from the building.

Almost all the guests at the hotel are members of theatrical companies stranded in Chicago.

FOUR MEN INJURED.

Premature Explosion of Dynamite Likely to Result Fatally.

Youngstown, O., Jan. 21.—The premature explosion of dynamite being used in the preparation of the right of way for the Baltimore and Ohio railroad at Lowellville resulted in the serious if not fatal injury of four men and the slight injury of four others.

Those seriously injured are: James Jemmy, scalp wounds and chest crushed; Mike Lukowitch, jaw broken and eye blown out; Steve Lukowitch, leg broken and badly burned; Nicholas Vokowitch, eyes blown out and badly burned.

Bushnell's Will is Filed.

Springfield, O., Jan. 21.—The will of former Governor Asa S. Bushnell has been filed for probate. It provides for the distribution of practically all of his estate among his wife and children. The executors are Cyrus A. Phelps, Oscar T. Martin and John L. Bushnell. The estate amounts to \$7,000,000.

BABY'S VOICE

feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Fined \$2 And Costs—Martin Leach, arrested last evening for raising a disturbance at the home of his sister, Mrs. Margaret Orr, Second street, was fined \$2 and costs by the mayor this morning.

Buried at Port Townsend—John W. Hall yesterday received a telegram from Seattle, stating that the body of his brother-in-law, Homer H. Swaney, had been buried temporarily at Port Townsend, Wash., and that particulars would be sent by mail.

New Mail Wagon—The M. F. Davis company, which has the contract for hauling the mail, has put on an up-to-date mail wagon for use between the railroad station and postoffice. The improvement is an important one. With such a vehicle in use the theft of a mail pouch after it reaches the hands of the carrier, will be impossible.

Under Dr. Huston's Pastorate—L. F. Maple calls attention to an error on the part of our Columbus correspondent who states that the Rev. William Huff was converted during the Cole-Jewett revival in East Liverpool. Mr. Maple states that the conversion of Mr. Huff took place in the M. E. church of this city about 12 years ago during the pastorate of Rev. Dr. J. M. Huston.

EARLY WORK EXPECTED ON NEW WALKER DAM

Attorney Ingram Called Upon to Furnish a List of Building Contractors.

Attorney George D. Ingram, of the Southside, is in receipt of a communication, which he received a few days ago, from United States Civil Engineer Christian, with headquarters at Wheeling. The letter requested Mr. Ingram to furnish the names of responsible contractors in Wellsville, East Liverpool and Chester. The draughtsmen of the engineering department are at present engaged in preparing the plans for a number of buildings that will be necessary for the carrying on of the preliminary work at dam No. 8 at Walker.

The buildings to be erected will be on both sides of the river and will be used for warehouses and offices. The contractors asked for are stone-masons and carpenters. Mr. Ingram complied with the request of the department, giving a complete list of firms. Nothing in the communication left any impression as to when work would be commenced.

Inquisitive Birds.

Of the birds undoubtedly the blue jays have the most inquisitiveness. And they are the most noisy in expressing it, although crows will hold a close second place, if not fully the equal. How the jays screeched and whistled and called—a confusion of all the sounds of jaydom—near my home! More than a dozen darted into a small evergreen tree on the lawn. People came from several houses in the vicinity, all curious to know what was the matter with the birds. It seemed to be a "want to know" on both sides. The jays had discovered a cat walking meekly along by the fence in the low shrubbery near and under the spruce tree. There was no nest in the vicinity, and so far as could be ascertained, the cat had not attacked the jays. But what a pandemonium of jay jargon over one meek looking, quiet cat! The jays outdid themselves and called out nearly all the occupants of the many houses on that street.—St. Nicholas.

To Restore Leather Bindings.

To restore the leather bindings of books wash them first very lightly and carefully with clean warm water in which a tiny piece of soda has been dissolved, in order to free the leather from grease; then wash with clear water to remove the soda, and dry. Dissolve a bit of gum arabic the size of a small bean in a teaspoonful of water and beat it up with a teaspoonful of the white of an egg. With a bit of sponge go lightly over the leather with this glair and let it dry.

Should the glair froth up on the leather, as it is very likely to do if there is much tool work on the book, dab it until it subsides with the palm of the hand or with the sponge squeezed as dry as possible.

Her Husband's Male Friends.

One of the most complicated duties of a wife is the shuffling off of her husband's male friends, says the Ladies' Field. Fifty per cent can go at once, for half a man's bachelor associates are, according to his wife, not fit for polite society, either because they have no manners or because they wear the wrong sort of collars. Ten per cent she may genuinely dislike, or possibly they may not take to her. Some of the rest are on the borderland of toleration, but most of them have a knack of dropping off by slow degrees. Possibly this is the inward and spiritual meaning of the farewell bachelors' dinner most intending bridegrooms give, though they never realize it at the time.

Excelsior Club Dance.

SOCIAL EVENTS

Missionary Society Meeting.

The Missionary Society of the First Presbyterian church met yesterday afternoon for the regular monthly meeting. Following the regular business of the society, the ladies of the society in a creditable manner devoted the remainder of the time to a literary program. Much of interest to the missionary workers of the day was discussed. Mrs. Lucie Wylie presided at the meeting, and led in the devotional exercises. The program was begun with a paper read by Mrs. Wylie on the subject, "Evangelization of the World." "The Responsibility of America in Relation to the Subjects of Missions" was the topic upon which Mrs. D. F. Nellis gave an interesting talk. Brief talks were given by the following ladies: Mrs. E. D. Moore, on "Alaska"; Mrs. R. B. Watson, "The Open Door to Siam"; Mrs. C. H. Blazer, "Organization of the Judson School at Carlisle, Pa."; Mrs. J. M. Kelly, "Notes from Japan"; Mrs. J. R. Warner, "Letters from Southern Missionary Workers"; Mrs. W. R. Clark, "Current Events." Mrs. Clark read an interesting letter to the society from a colored girl who is being educated by the aid of this missionary society. At present the girl stated in her letter that she was teaching among her own race at Baton Rouge, La. The entire program was of interest to the 70 members, who are much encouraged by the outlook of the work for the coming year.

Huff-Lispjett.

Miss Elizabeth Day Huff, formerly of this city, and John Lispjett, of Denver, Col., were married at 4 o'clock Tuesday afternoon at the home of the bride's father, H. Day Huff, of Cadiz. The bride wore a beautiful gown of white crepe de chine and carried bride's roses. Miss Ethel Baxter, of this city, was maid of honor and was gown in a pale blue lansdowne. The groom was attended by Morley Starrett, of Wellsville. After the ceremony a choice wedding supper was served to about 60 invited guests. The happy couple left on a short wedding trip and will on their return make their home in Denver. The bride has a host of friends who tender congratulations. She was at one time employed at Neiler's art studio and was very popular in her circle of friends.

Masons as Entertainers.

Masonic hall in the Golden building was last evening the scene of a very pleasant social when the Blue Lodge Masons entertained the other Masonic orders and their ladies at a card party and dance. The Masonic rooms were especially beautiful last evening, and the emblems of the lodge in elaborate electrical display were much admired. A large number of guests were present to enjoy the happy event, and at an intermission in the dancing and card playing, refreshments were served.

Officers Elected.

At the annual meeting of St. Stephen's missionary society at a late hour yesterday afternoon, the following officers for the new year were elected: President, Mrs. Willis Cunningham; vice president, Mrs. John Sant; secretary, Miss Maud Carr; treasurer, Mrs. E. M. Knowles.

Card Party.

Mr. and Mrs. W. H. Gass will entertain a number of friends at their home on Walnut street tomorrow evening. Cards will be the diversion.

Newton's Blue.

It is well known that under the action of gravity the water composing such a thin shell as a soap bubble tends to run down on all sides, so that the walls of the bubble grow thin at the top and thicken toward the bottom. After a time the bubble becomes so thin at the top that further flow of water from this point can hardly take place, and finally the bubble bursts. But before this last stage is reached a degree of thinness in the walls of the bubble is attained which causes it to glow with brilliant iridescent colors. Newton noticed that on top of the thin bubble illuminated by white sky light a black spot is formed. With increase of thickness downward from this point on all sides, a red band next appears; then a blue one; then again red and blue, red and blue, and so on, the colors showing more extremes of red and purple in the higher orders. This blue band which first expands outward from the black spot at the top and descends slowly with the subsidence of the water Newton called the "blue of the first order," and, although somewhat dingy, he judged it to be of the same tint as the blue of the sky.—T. J. J. See in Atlantic.

TEMPERANCE TALK

AT WEST FUNERAL

Continued from First Page.

manner of life and against those influences that have conspired to wreck this life. There was a day when this woman was innocent as a child on its mother's breast. Then somebody was recreant to a great trust; somebody betrayed a weak, trusting woman. Then course and vicious men traded for her virtue. The inhuman saloon received high commission from hell to compass her ruin and faithfully it did its work.

"Standing by this corpse I am moved to pity that recreant manhood that takes advantage of weak or defenseless womanhood and to denounce an institution that directly fosters both the spirit and the means for such a life as this woman has led and an end like hers.

"Solemnly this still form indicates as recreant the home that controls our plastic years; and the church that with all its resources failed to hold Lottie West. This wreck floating on the sea of memory indites the press for haunting and thus endorsing that institution which most directly caused her ruin as it does also the saloon that created and fed the fires that burned her life to ashes.

"And standing here I cry out how many more such wrecks must come before we shall be aroused to our peril and the enormity of a people that have the power to make these wrecks impossible; but for lust and greed and pride and ease use it not. O, Lord, how long?"

DODGING THE OFFICERS

Joseph Beadnell, Wanted in East Liverpool, Cleverly Eludes Those Who Would Arrest Him.

Salineville, January 21.—(Special.)—Joseph Beadnell, who is wanted in East Liverpool for non-support of a wife and four children, is eluding the police in this village and has been doing so very successfully since a warrant was sent out here from East Liverpool for his arrest. Last week he quietly took the train and hid himself down to this city and spent a few hours in the city with boon companions, eluded the police, took the afternoon train and came back home. The first of the week Marshal Higgins, armed with a warrant, went to the mine where he works and attempted to serve it on him, but some of the friends of Beadnell had given him the tip and he did not come out of the mine until the officer had long gone home.

Beadnell is a good worker and has steady employment in the mines and says he would provide for his wife and family if they would come to Salineville and live, but that he could not make as much money in East Liverpool as in Salineville and he refused to go to that city.

MAIL CLERK FOUND DEAD

Continued from First Page.

Mallory was the eldest son of Edward Mallory, of Syracuse, one of the best known business men in Meigs county. After completing his education at Carleton college, Syracuse, he and his brother Earl went to Portsmouth, O., where they engaged in business for several years. About three years ago he was admitted into the mail service and prior to taking the run between Bellaire and Wellsville, he worked on other trains running out of Pittsburg. He was an industrious and honorable young man, and a member of the Methodist church since a boy. He is survived by a father and mother, one brother, Earl, and a sister, Mabel, all living in Syracuse.

UNION MADE GOODS

Committee of Trades Council Finds Local Merchants in General Handle Them.

Trades council held a short session last evening with P. A. McKeone in the chair. A report was made by the union label committee, showing that merchants in the city in general are handling union made goods. The report was the result of a careful canvass.

The sum of \$2.50 was voted to Oshkosh striking women garment workers and a like amount to striking street car men at Bloomington, Ill. One dollar was donated to a fund for the defense of union men who are charged with murder in connection with a riot which occurred at Waco, Texas.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Fined \$2 And Costs—Martin Leach, arrested last evening for raising a disturbance at the home of his sister, Mrs. Margaret Orr, Second street, was fined \$2 and costs by the mayor this morning.

Buried at Port Townsend—John W. Hall yesterday received a telegram from Seattle, stating that the body of his brother-in-law, Homer H. Swaney, had been buried temporarily at Port Townsend, Wash., and that particulars would be sent by mail.

New Mail Wagon—The M. F. Davis company, which has the contract for hauling the mail, has put on an up-to-date mail wagon for use between the railroad station and postoffice. The improvement is an important one. With such a vehicle in use the theft of a mail pouch after it reaches the hands of the carrier, will be impossible.

Under Dr. Huston's Pastorate—L. F. Maple calls attention to an error on the part of our Columbus correspondent who states that the Rev. William Huff was converted during the Cole-Jewett revival in East Liverpool. Mr. Maple states that the conversion of Mr. Huff took place in the M. E. church of this city about 12 years ago during the pastorate of Rev. Dr. J. M. Huston.

EARLY WORK EXPECTED ON NEW WALKER DAM

Attorney Ingram Called Upon to Furnish a List of Building Contractors.

Attorney George D. Ingram, of the Southside, is in receipt of a communication, which he received a few days ago, from United States Civil Engineer Christian, with headquarters at Wheeling. The letter requested Mr. Ingram to furnish the names of responsible contractors in Wellsville, East Liverpool and Chester. The draughtsmen of the engineering department are at present engaged in preparing the plans for a number of buildings that will be necessary for the carrying on of the preliminary work at dam No. 8 at Walker.

The buildings to be erected will be on both sides of the river and will be used for warehouses and offices. The contractors asked for are stone-masons and carpenters. Mr. Ingram complied with the request of the department, giving a complete list of firms. Nothing in the communication left any impression as to when work would be commenced.

Inquisitive Birds.
Of the birds undoubtedly the blue jays have the most inquisitiveness. And they are the most noisy in expressing it, although crows will hold a close second place, if not fully the equal. How the jays screeched and whistled and called—a confusion of all the sounds of jaydom—near my home! More than a dozen darted into a small evergreen tree on the lawn. People came from several houses in the vicinity, all curious to know what was the matter with the birds. It seemed to be a "want to know" on both sides. The jays had discovered a cat walking meekly along by the fence in the low shrubbery near and under the spruce tree. There was no nest in the vicinity, and so far as could be ascertained, the cat had not attacked the jays. But what a pandemonium of jay jargon over one meek looking, quiet cat! The jays outdid themselves and called out nearly all the occupants of the many houses on that street.—St. Nicholas.

To Restore Leather Bindings.
To restore the leather bindings of books wash them first very lightly and carefully with clean warm water in which a tiny piece of soda has been dissolved, in order to free the leather from grease; then wash with clear water to remove the soda, and dry. Dissolve a bit of gum arabic the size of a small bean in a teaspoonful of water and beat it up with a teaspoonful of the white of an egg. With a bit of sponge go lightly over the leather with this glair and let it dry.

Should the glair froth up on the leather, as it is very likely to do if there is much tool work on the book, dab it until it subsides with the palm of the hand or with the sponge squeezed as dry as possible.

Her Husband's Male Friends.
One of the most complicated duties of a wife is the shutting off of her husband's male friends, says the Ladies' Field. Fifty per cent can go at once, for half a man's bachelor associates are, according to his wife, not fit for polite society, either because they have no manners or because they wear the wrong sort of collars. Ten per cent she may genuinely dislike, or possibly they may not take to her. Some of the rest are on the borderland of toleration, but most of them have a knack of dropping off by slow degrees. Possibly this is the inward and spiritual meaning of the farewell bachelors' dinner most intending bridegrooms give, though they never realize it at the time.

They All Admire

the beauty and brilliance of a room illuminated by electricity. It saves work, too, for the room will be clean and there won't be any grease or smell. The Electric Light recommends itself by its excellence.

The Ceramic City Light Co.,

177 Washington Street.
